

Vicar Refuses To Marry Actress

LONDON, July 27—(AP)—The vicar of London's famous Old Bow Street church refused today to marry actress Angela Lansbury and Peter Shaw (above) because Miss Lansbury had been married before.

Miss Lansbury flew to London with her fiancé, a Hollywood set designer, today. She promptly telephoned the church to ask permission to be married there—where her father and grandfather worshipped.

"The vicar was very charming," said the platinum-haired actress, "but he explained he does not feel he can marry people who have been divorced."

Miss Lansbury was married to actor Richard Cromwell in 1945, and divorced a year later.

MILE BRANCH CELEBRATES 75TH YEAR FRIDAY NIGHT

Friday night is expected to be a gala occasion at Mile Branch, northwest of Salem, when the members celebrate the 75th anniversary of the founding of the grange.

Harry A. Caton, secretary of the national grange, will be the principal speaker, and other entertainment is planned.

Mile Branch grange was organized in 1874 by Rev. James Weaver. A group of 24 charter members met at the home of Joseph Fuhr and voted for a permanent grange to be named Mile Branch.

They met in the home of Theodore Fuhr until 1875, when an abandoned schoolhouse, Frog Pond, was purchased for \$60. Meetings were conducted there until 1915, when the present grange hall was constructed.

467 Members

A highlight of the grange was the burning of the mortgage in 1920. Today the membership numbers 467.

Miss Mary Linton organized a juvenile grange during 1917-18, and approximately 35 young people participated in the projects.

Twenty-one juvenile grange boys saw service in the first World war, with no casualties, but Franklin Gerber, of the 29 grange boys in World War II, lost.

ARGUMENTS MOUNT OVER FOREIGN AID

COMPROMISE ON FARM BILL TO BE SOUGHT

Aiken To Cooperate In Non-Partisan Effort On Legislation

WASHINGTON, July 27—(AP)—Senators of both parties agreed today to try to work out a new compromise on farm legislation—minus the help of Secretary of Agriculture Brannan.

Senator Anderson (D-N.) said he has two drafts of possible bills ready for a closed-door session of the senate agriculture committee (9:30 a. m. EST).

Senator Aiken (R-Vt.), top-ranking GOP member of this committee, said in a separate interview he will cooperate in a non-partisan effort to pass a farm bill at this session of congress.

Neither of Anderson's plans involves the novel proposal by Secretary Brannan to let market prices of meats, dairy products and other perishable farm products seek their own level while farmers collected treasury subsidies if necessary to bring their cash receipts to a government-set level.

Brannan told critical senators at a stormy session yesterday that unless congress approves his proposal, at least for a partial trial, "I have a sense of frustration."

Anderson talked of possibly revising the long-range flexible price support plan passed by the 1948 GOP-controlled congress and called the Aiken act because of its sponsor. Aiken said he and other Republicans might go along.

Among other things the revision would fix the government support levels at from 75 to 90 per cent of parity. Parity is a computed price, intended to give farm products a value in fair relationship to the price of things a farmer must buy.

The 1948 act calls for support levels from 60 to 90 per cent but, Aiken says the secretary of agriculture has authority to maintain them at the upper levels.

Child Is Killed By Dad's Truck

David Allen Pickens, 15-month-old son of Mr. and Mrs. Harvey Pickens of R. D. 3, Lisbon, was crushed under the wheels of his father's truck at 3:30 p. m. Tuesday.

The father was in the field with a one and a half ton truck, hauling wheat, and didn't notice the child as he started to move the vehicle to another shock of wheat. The wheels passed over the child.

The boy was rushed to East Liverpool City hospital, but was pronounced dead upon arrival. Death was caused by internal injuries.

Mrs. Pickens was on the bed of the truck, loading wheat, at the time of the accident.

Coroner Ernest Sturgis pronounced the death as accidental. Funeral service is being arranged.

LEETONIA TO GET NEW POLICE CAR

LEETONIA, July 27—A new police cruiser will be delivered early next week following council action last night approving the bid submitted by the Ripley Chevrolet Motors.

The two-door car will be black and will contain the radio, siren and necessary lights upon delivery. The radio will be tied-in with the county sheriff's radio system. The car cost is \$1,441.40.

Taft, Bricker Vote On ERP Cut Not Sufficient

WASHINGTON, July 27—Senators Robert A. Taft and John W. Bricker, Ohio Republicans, yesterday voted for the amendment to cut \$74,000,000 from European recovery spending in the final quarter of the fiscal year ending July 1.

The amendment was defeated 41 to 37.

AAF Men, Weapons Undergo Arctic Tests

EGLIN AIR FORCE BASE, Fla., July 27—(AP)—Behind heavily insulated and guarded walls, this air proving ground is waging a cold war that counts. It is testing air force planes, weapons and men against sub-zero Arctic cold.

Tests are carried out in a towering all-weather hangar that can swallow the biggest military plane now in existence, then subject it to a 100-mile per hour blizzard, or withering desert heat.

The experiments conducted in the climatic hangar are only part of the many operations under way at this 800-square mile proving ground.

The air proving ground, commanded by Major General William E. Kepner, takes new air force equipment and subjects it to strains and stresses of assumed combat operations.

It decides how these new planes and weapons can best be used in actual operations. And frequently its technicians recommend improvements which are built into equipment before it is placed in large-scale production.

America's newest radar defenses are under constant test at Eglin. So is the ability of the Air Force's latest jet fighters to stop its biggest bombers, the B-36 and the B-50.

Gen. Kepner said bombers make frequent unscheduled attempts to penetrate the air proving ground defenses. Waiting for them are the newest Air Force jet fighters, kept on 24-hour alert.

Kepner said F-80, F-84 and F-86 jet fighters and F-82 twin Mustangs have made a satisfactory percentage of interceptions on the attacking bombers.

A visit to Eglin is a visit to the Air Force of the future. The air proving ground receives one of the first new planes, guns, bombs and other pieces of equipment to come off the production line.

Its runways and parking aprons are hosts to the javelin-shaped new F-86 jet fighter and the B-36, the world's biggest bomber.

Its testing arsenals are stocked with the new rockets and improved guns and bombs which make a modern warplane a flying destroyer. Commercial units test the vastly improved postwar fire and smoke bombs.

Remote target grounds are chewed up and scarred by the blast and heat of the tons of missiles tested upon them.

HOT AND NOT-SO-BOTHERED—Tequila, left, a 7-month-old St. Bernard puppy, is going on his vacation but doesn't look too happy about it. He was flying from Ottawa, Canada, to Mexico with his master, the Mexican ambassador to Canada. But when Tequila landed in Dallas, Tex., and found the thermometer at the 100-degree mark, he just plopped down by two cakes of ice and refused to move. On the other hand, Gussie, a tiny terrier, found it hot when his plane landed in New York City from Calcutta, India. But Gussie was too interested in the wonderfully strange sights of the big city to mind the heat.

TRUMAN SPENDING PLAYED BY TAFT

Senator Also Says U. S. Taxes Menace Welfare Of World

WASHINGTON, July 27—The welfare of the world depends on the prosperity of the United States, U. S. Senator Robert A. Taft (R-Ohio) said today in a report to his constituents.

And he added: "To assure continued prosperity, the first firm foundation must be a solvent. Efficient government."

But President Truman, Mr. Taft charged, is heading down the opposite track.

"The President," Mr. Taft said, "makes it clear, he has only one solution for every economic difficulty of the nation—more spending by the federal government. He was for it when we were threatened with inflation, and he's for it now that we're threatened with deflation."

There's little doubt that the people are concerned, the senator declared.

"They don't want more taxes," he said. "They don't want to see the budget go over the \$40 billion figure, which seems so tremendous for federal spending in peacetime."

"Even without Mr. Truman's extra proposals, our total national tax burden, including state and local, stands at \$60 billion a year. It means that we all work, on the average, more than one day in every four for the government."

"Such a burden increases prices for all consumers, kills the incentive of individuals, and particularly discourages those who want to start new businesses and create new jobs."

The federal government, Mr. Taft said, has come to a point where it must determine the limit of its tax burden and then cut its expenses to meet its income and pay something on the national debt.

"Every individual in this country," he said, "has to give up things he would like to have because he hasn't got the money to pay for them. The government is no different from any individual."

Bull Killed When Hit By Motorist Tuesday

A bull was fatally injured this morning when a car driven by Orland Ludwig of 294 Rose st., collided with the beast, owned by Henry Hollabaugh of R. D. 4, Salem.

The accident occurred at 1:40 a. m. today on Route 45, north of Salem. Ludwig was not injured but the bull was killed and the car was smashed, according to state highway patrolmen.

Inside the city yesterday the rear of the car driven by Raymond Vaughan of Springdale, Pa., was smashed when hit by a car driven by James Allison of East Liverpool. Police said that the accident occurred at 1:35 p. m. in front of the Metzger hotel, as Vaughan was attempting to park his auto. No arrests were made.

Don't Drive On Ball Diamonds, Chief Warns

Chief of Police Nerr Gaunt today issued a stern warning to motorists who persist in driving their cars across the West End and Centennial park baseball diamonds.

He said anyone found driving over the diamonds in the future will be prosecuted to the full extent of the law.

The Park commission complained to Gaunt today that a motorist had driven his car over the West End diamond just after the Monday afternoon rain and had left large ruts on the playing surface.

HEAT BLAMED FOR PUBLIC'S ODD ANTICS

Most of U. S., Western Europe Suffers; No Relief In Sight

By JAMES POWERS

Santa Claus wore a T-shirt in upstate New York, and five kids swimming in New York City's East river wore nothing at all.

In Spain a munitions depot blew up, and in France members of the chamber of deputies exploded in a fury from political warmth plus the rising mercury and beat each other up.

A Detroit man got "prickly heat." Lying on his front porch to get more air he rolled off and fell into a long-thorned rose bush.

The withering, suffocating heat wave that has gripped eastern and mid-western America and most of western Europe almost uninterruptedly for a month continued today with no prospects of relief for most areas.

Although the West coast—particularly California—blithely reported cool breezes and temperatures in the 70's and 80's it was nearer a scorching 95 and up for Chicago and points east.

It's Just Plain Hot

The best explanation the Weather bureau in New York could give for the protracted heat wave is a "stagnation of circulation." This, "twas explained, means that cool weather is staying wherever it is, and the warm weather is likewise remaining stable. Without circulation there are no temperature changes.

What it means is that if it's hot where you are, well, it's hot. It was hot in Washington and visitors to the senate had a feeling for a moment the building was going to cave in on them. As they were riding the railway tunnel beneath the Capitol a small avalanche of plaster showered down on them.

Just the heat, said Capitol Architect David Wynn, expanding asphalt on the street above and pushing against the tunnel top.

In New York City, as temperatures rose during the night, a young woman did a "Brodie" off the Brooklyn bridge falling 135 feet to the water. Harbor police reached her almost immediately and she was rescued.

Five East Side Manhattan youths decided to take a dip in the altogether as the sun beat fiercely.

Swimmers Rescued

Before it was over, a tugboat, a fireboat, a police launch and a Coast Guard cutter rushed to the scene and a police airplane stood by. The boys sighed and climbed aboard to return to steaming land.

Joseph Pistolese, 74, has been a street cleaner in Newark, N. J., for eight years. He usually quits at 3:45 p. m. Yesterday police found him at 9 p. m. cleaning streets methodically in Elizabeth—five miles from his "beat" in Turn to HEAT, Page 12

Rotary Speaker Tells About New Zealand

J. R. Templin of Christchurch, New Zealand, discussed social legislation in that country when he was the guest speaker at the Rotary club meeting Tuesday noon in the Memorial building.

He said that all public services there are run by the government and 95 percent of the families have electricity. Housing is scarce but rents are reasonable. All homes have modern conveniences and are of wood construction.

There is strict price control in all industries. The government also owns the coal mines. A \$5 license fee is paid each year by owners of private radios.

There is free medical and doctor care up to a specified amount on each call. An office call is free and maternity benefits are paid up to \$75. Retail stores are open until 9 p. m. on Friday night and are always closed on both Saturday and Sunday.

C. S. Carr was the program chairman and Walter Strain introduced the speaker.

THE BRITISH request was transmitted Saturday in a secret note to the Organization For European Economic Cooperation (OEEC). This is the organization which splits up the Marshall plans funds.

Contents of the note leaked out to the press yesterday.

The British said revised calculations showed the sterling area would have a dollar deficit of \$1,547,000,000 for the year starting July 1. It implied that Britain would need that much dollar aid or would have to cut its imports and undergo a drop in living standards.

For 1948-1949, Britain received \$1,239,000,000. When the requests originally were submitted for 1949-50 Britain estimated she would need \$1,114,000,000. She pointed out that this was a 10 per cent cut from the previous year.

The American Economic Cooperation administration, in a general scaling down of all requests reduced Britain's share to \$923,000,000. This amount was based on an American appropriation of \$4,566,000,000.

Congress has trimmed the amount still further and prospects are for an appropriation of less than \$4,000,000,000.

Submit Proposal To Aid Potteries

WASHINGTON, July 27—(AP)—Six West Virginia and five Ohio congressmen have joined a move to give financial aid to domestic makers of china pottery and glass ware.

The representatives from pottery and glass ware areas of the two states offered a bill to permit payments to producers from customs ramps.

Rep. Ramsay (D-WVA), who offered the bill with the others as cosponsors, said that under the bill a domestic producer would be paid a share equal to his share of all domestic sales of such articles. These payments would be from 50 percent of the total amount collected in duties on such imports.

"The purpose of the bill," he said in a statement, "is to protect the national economy from excessive importations of vitrified china pottery and glass ware, and to aid domestic producers of these articles and their employees."

Ramsay said reports indicate that pottery and glass ware imports are increasing at an alarming rate.

Joining Ramsay in the proposal are West Virginians Staggers, Bailey, Burnside, Kee and Hedrick and Ohioans Young, Huber, Secrest, Hays and Kirwan, all Democrats.

Churchill Refuses Room Which Mussolini Used

LONDON, July 27—Mussolini slept here—so Winston Churchill won't.

The London Daily Express reports that Churchill, currently vacationing at Gardone, Italy, was assigned a palatial 12-room wing at the Grand hotel.

But when the British war-time prime minister learned that Benito Mussolini had used the bedroom, the Express said, he demanded a change and got it.

Drowns In River

McCONNELLSVILLE, July 27—Dale Yarnell, 13, drowned yesterday in the Muskingum river.

## How About 'Longest Trial'?

A reporter noted that a certain woman who testified in the New York trial of 11 Communist leaders was the "tallest witness" yet to appear on the stand.

It's that kind of a case. Inevitably, one of these days there'll be a report on the "shortest witness" and then perhaps "the first witness with a goatee," and so on.

The trial has run six months now and forecasts are for another half year. So it wouldn't be too upsetting if some enterprising merchant should offer a handsome door prize to the first spectator through the courtroom portals on the 250th day of the proceedings.

## Republicans Will Get Blamed

There have been many weird situations under the so-called bi-partisan foreign policy. But the latest one wins the stuffed diplomatic shirt with the built-in-air-conditioning unit.

Republicans in the senate are being blamed for opposing President Truman's proposal to give away \$1,450,000,000 this year in military aid. This comes under the heading of slick politics—to blame the opposition for something that was bound to happen anyway. It's the same thing as blaming Republicans for the Taft-Hartley act, which Democrats helped pass and thereafter depended on heavily for administering the federal government.

Whatever good faith has gone into bipartisan foreign policy has been put there by Republicans since Gen. Marshall resigned as secretary of state. Senator Vandenberg, most notably, has been patient. He has gone along with the Truman administration's inept handling of diplomatic problems and kept his mouth shut. Other Republicans have followed his lead of keeping foreign policy out of partisan debate. But events finally have caught up to the Truman administration. The bipartisan policy has collapsed under its own weight.

There is no enthusiasm in the senate for the all-out military aid which the Truman administration apparently has promised other governments. Neither Democrats nor Republicans relish the prospect of a further wholesale distribution of funds. Even Senator Vandenberg is fed up with a me-too attitude on foreign policy. But the White House strategists who dope out political twists and turns haven't realized yet that public opinion is turning against this kind of spending too. They still think it's good politics to blame the Republicans for threatening to save public money. Perhaps they're right; politics is their specialty. But they could be wrong. It could be that the public is getting as sick and tired of stringing along with a buy-peace-at-any-price policy as Republicans who are supposed to be taking their political lives in their hands by saying so.

## They're The Berries

For a considerable number of Americans who know a good thing when they can taste it, nothing is more important right now than blackberries.

Most berry eaters think of blackberries as the ne plus ultra in berries. They concede that strawberries are a treat, that the red raspberry is in a class by itself and that blueberries and huckleberries should be preserved for the most deserving. They concede also that gooseberries have a place, that cranberries can't be beaten for turkey and that tomatoes, which biologically are the berries, too, have captured the country.

But there's nothing like half a gallon of blackberries. They combine all the finest flavors of sunshine, dew, soft summer rain and mellow moonlight. They are distilled nectar of the earth, capsules of goodness, the ultimate taste sensation—and best of all the finest ones grow wild and are to be enjoyed for the taking. There's really only one thing to be disagreed about when discussing blackberries—whether they're best when eaten dead ripe with sugar and cream, or whether they should be converted into preserves to be eaten from ear to ear on a winter evening. If in possession of half a gallon of blackberries, or any part thereof, this issue can be settled simply. Eat half and preserve the other half for posterity, lest it never know one of the highest delights of being alive.

## Spenders Think Savers Are Crazy

The quarrel between spenders and savers in the United States still isn't understood after 15 years of political rule by the spenders.

They think the savers are crazy and intend to destroy them. If you own stock, a government bond, or an insurance policy, you're a saver.

The spenders are not Americans who have drifted into financial error, in the sense that private individuals who handle money imprudently are judged guilty of error. They are practicing a cold and systematic method of handling other people's money in an unorthodox way.

They have no use for orthodox doctrine about balancing income and outgo. As far as they're concerned, the only error is to be orthodox. Yet, the public continues to believe the spenders are capable of "reform"—that financial reality will correct their mistakes—that congress will begin to practice economy—that deficit financing will be shunned.

Nothing could be further from the truth. The spenders claim Mr. Truman as one of their own. They claim a majority of congress. They control a large part of the labor union movement. They have a spokesman in the council of economic advisers. They have their own economists and statisticians, to prove at the drop of a hat that prudence with other people's money is foolish and old-fashioned.

They know exactly what they're doing, and it's utterly different from what most Americans have been taught to do. Yet the illusion persists that they will swing around to orthodox financial practice sooner or later.

They haven't the slightest intention of swinging around. Their purpose is to swing everybody

else around to their point of view. They intend to have higher, not lower, deficits. They intend to have a larger, not smaller, federal bureaucracy. They intend to destroy the profit-loss credo of private enterprise by rigging the rules so there will be no profit. They despise economy. People who believe in balancing budgets, saving something for a rainy day and making ends meet are "economic illiterates," in their opinion. They want higher taxes, more subsidies, more money power for politicians and less money power for private citizens.

They know how to use politics for their purpose, which is to stay in control of the government until every trace of orthodox money handling has been wiped out. When that time comes—if it ever does—they can boast that they captured the United States for state socialism. They don't dare risk a popular vote on that; they would lose. But they can win by inflicting their ideas under various pretexts, until finally they can point to a fait accompli—a nation so burdened with public debt, so corrupted by the wholesale distribution of public money, that its ability to fight back has been shattered.

## FROM THE NEWS FILES

Forty Years Ago

July 27, 1909

Mrs. M. Erwin and daughter, Myra, left Wednesday for Les Cheneaux Islands, Mich., where they will spend a week.

Keen Williams left Wednesday for St. Marys to spend his summer vacation with relatives. He expects to be gone about four weeks.

E. Greenberger and H. E. Aiken returned Tuesday from Cambridge Springs, Pa., where they have been spending a two weeks vacation for their health.

Mrs. Howard Bye of Lisbon spent Wednesday with Mr. and Mrs. John Noble of Newgarden st. Mrs. Clem Willaman and daughter have returned from Cleveland where they spent a couple of weeks with Mr. and Mrs. Leonard Parks.

Mrs. John W. Lease and son, Albert, went to Beach Park, along Lake Erie, where they will spend a few days with Mrs. L. Tomlinson and family.

Charles Mead left Thursday for Kenwood, Beaver Falls, New Brighton and other western Pennsylvania places on business.

Rev. A. Irvine Innes left today for Cleveland from where he will go directly across Lake Erie for an outing along the Canadian side of the lake.

Mrs. Theodore Bretz of New Waterford is visiting relatives in Salem.

Thirty Years Ago

July 27, 1919

Mrs. Charles Beardmore and sons, Harry and Fred, left today for Sycamore Valley, where they will spend about two weeks visiting relatives.

Mrs. Edward Leggett of Fair st. has received word from her husband, who has been in the service for some time, that he arrived in New York and was sent to Camp Merritt temporarily.

Miss Olive Stewart went to Pittsburgh Monday where she will spend a two week vacation from her duties at the Ohio State Telephone exchange.

Misses Sara Simpson and Lottie Holloway, who composed the members of the graduating class of the Salem Hospital training school, have received word that they passed their state board examinations with good grades and will receive their certificates soon.

Superintendent of Schools J. S. Alan announced Wednesday that Douglas Vivian, who was physical director and coach of athletics of the High school two years ago and has recently been in overseas service in France, will return here this year.

In celebration of the birthday anniversary of her aunt, Mrs. Ross Heacock of Newgarden st., Miss Mary McCartney will keep "open house" Thursday.

Mrs. C. E. Trotter entertained members of the Quaker Needle work club Tuesday.

Mrs. Allen Tetlow entertained associates of the Ellsworth Avenue club Wednesday.

Twenty Years Ago

July 27, 1929

American tourists and visitors from all over Europe are arriving in Rome to witness the exit of Pope Pius XI. He will be the first pontiff to leave the confines of the Vatican since 1870, thus breaking the self-imposed papal exile of nearly 60 years duration. The Pope will conduct religious rites from the steps of St. Peter's and later he will visit Monte Cassino.

With the dynasty of the Yanks apparently ended, the spurt of the Cleveland club is providing most of the fireworks in the American league. The Indians, who finished seventh last year, are now hopeful of overtaking the third-place Browns.

Mrs. James Carey entertained members of the Monday Afternoon club and a few other friends Monday at her home, Lincoln ave.

Members of the Excelsior class of the Methodist church enjoyed a picnic yesterday at the home of Miss Wanda Cope, Depot rd.

Lester Emerson of Akron spent the weekend at the home of Mr. and Mrs. P. J. Robb of Fifth st.

Mr. and Mrs. C. C. Paxson and children have returned to their home on W. Pershing ave. after spending a week with relatives in Valley Bridge and Charleston, W. Va.

Keith Harris is spending two weeks at Charleston, W. Va.

Members of the Lydia Bible class of the English Lutheran church will hold a hat social at the home of Mrs. G. C. Greenisen, Depot rd. Tuesday.

## THE STARS SAY:

For Thursday, July 28

By GENEVIEVE KEMBLE

THE astral indications for the moment seem to be for a static and stagnant state of affairs in which it may be difficult to break up crystallized conditions or to inaugurate effective ways and means for breaking up obstacles and laying ground work for future or enduring progress. Stubborn diligence, shrewd analysis as to fundamentals for sustained efforts and long-term activities, may yield eventual security and permanency.

If It Be Your Birthday

Those whose birthday it is, seem to have their work cut out for them, since limitations, obstacles, impediments and frustrations, seem to dominate a static and crystallized state of affairs. However, along the difficult way there is pleasant adventure, diversion and relaxation.

A child born on this day may need early training in determination, diligence, perseverance and optimism to overcome crystallizations. At the same time there may be exceptional social or romantic rewards for sterling qualities.

POP, WHAT'S A LIBERAL?

'WELL, SON, ACCORDING TO THE REACTIONARIES HE'S ONE WHO DISTRIBUTES LIBERALLY OF THE TAXPAYER'S MONEY TO ANY PRESSURE GROUP WHICH IS LOOKING FOR SOMETHING FOR NOTHING!'

WELL, THEN, WHAT IS A REACTIONARY?

'OH, HIM? THAT'S THE LABEL THE LIBERALS TACK ON THE GUYS WHO OPPOSE SUCH TENDENCIES!'

## Guarding Your Health

By DR. HERMAN BUNDESON

DISEASE rarely limits its effects to one part of the body. In most cases many parts are affected, including the bones, which tend to preserve the record longer than the soft parts of the body. For this reason, X-ray examination of the bones may be quite helpful in determining whether or not certain disorders have occurred or are still present.

In children, particularly, the bones of the wrist may have a great deal to tell if examined by X-ray. For example, at the ends of the bones of the forearm, certain changes may be present which are due to rickets. Rickets is a disease which results from a lack of vitamin D. Without vitamin D, calcium, which is lime and phosphorus, is not used properly by the body. Scurvy also may cause changes in the wrist area. Scurvy is due to lack of vitamin C. Often an infection, such as syphilis, may produce bone damage which is revealed in an X-ray of the wrist area. Lead poisoning causes heavy lines in the ends of the bones.

## Abnormal Condition

At the Milwaukee County hospital, X-ray studies which were made of the wrists of more than 680 children, revealed some abnormal condition in approximately one out of every ten of these children. Since such a large percentage of children show changes in the wrist, it would appear advisable that all youngsters, during routine examinations once a year, have such X-rays taken; at least children requiring medical care should have such examinations.

Hardening of the wrist bones may be delayed by various disorders. Among these are, heart conditions present at the time of birth, injuries of the brain at birth, slow brain development, lack of thyroid secretion, and allergy or over-sensitivity.

## Can Be Recognized

It is true that in most cases these diseases can be recognized by other symptoms which they produce. For example, an X-ray examination of the heart and listening to the heart beat will

a year of federal funds to help public schools.

Steed said he opposed the so-called compromise because it put the government further into the medical business. He said he was against it solely on this ground, without regard to its relation to the religious controversy over school aid.

Rep. Priest (D-Tenn.) and Rep. McCormack helped get subcommittee approval of the compromise effort. Their reasoning was that if such a bill were before the house, Catholic members could vote for it and also for a school aid bill limited to public schools.

"It will go a long way toward breaking the deadlock," said Priest, "because it will take many Catholic members off the spot."

The Priest-McCormack health aid bill will come before the full commerce committee this week.

The jack rabbit is not a rabbit but a hare.

## CONGRESS DEBATES COMPROMISE BILL

## Controversy Over Federal Education Help Continues

WASHINGTON, July 27—(AP).—Congressional controversy over federal aid to education spread today to a bill intended as a compromise.

Rep. Steed (D-Okl.) attacked as a federal invasion of the health field a bill which would make available \$35,000,000 solely for school health purposes, in public, private and parochial schools.

The measure, backed by House Majority Leader McCormack (Mass.), was voted out of a house commerce subcommittee yesterday as a possible way out of a controversy over a broader school aid bill under fire from Roman Catholic churchmen as unfair to parochial schools.

This general bill, by Rep. Barnden (D-N.C.), would ban federal expenditures for use in now-public schools including transportation and health services. It would provide up to \$300,000,000

## 21 POLIO CASES IN STATE REPORTED

COLUMBUS, July 27—Twenty-one new cases of polio were reported to the State Department of Health today, bringing the year's total to 119.

The new cases; Franklin 4, Knox 2, Montgomery 3, Cuyahoga 6, Lake 2, and one each in Preble, Vinton, Warren and Champaign.

Total on the same date last year, department records show,

was 133. There were 55 on the same date in 1947—the state's peak polio year.

The three counties with the highest number of cases were reported as Cuyahoga, 25; Montgomery 14, and Hamilton 8.

## Electrician Killed

BRYAN, July 27—Paul W. Kuhn, 48, a maintenance electrician, was electrocuted yesterday.

## Airlines Benefit From Ohio Freight

By G. MILTON KELLY  
AP Special Washington Service  
WASHINGTON, July 27—The Civil Aeronautics administration said today a new survey shows a bright future for commercial airlines serving Ohio.

Seven Ohio cities rank among the 50 in the nation handling the biggest volume of air freight and passenger traffic.

The survey indicates they probably will stay among the top 50 at least until 1955, the year to which the study was projected to guide airport officials in planning facilities.

Cleveland, the study showed, ranks fifth among the cities in outgoing airfreight handled, Cincinnati 14th, Akron 25th, Dayton 27th, Columbus 30th, Toledo 31st and Youngstown 39th.

The CAA has no figures on incoming freight handled at airports, but has drawn a picture of what they may expect by 1955 in both incoming and outgoing freight.

Cleveland, it said, can expect its outgoing freight volume to rise from the 1948 total of 7,732 tons to 16,455 in 1955 and may expect a combined incoming and outgoing total of 31,855 tons of freight.

A national ranking prediction for 1955 would have little value, a spokesman said.

Cincinnati can expect its outgoing freight total to rise from 2,143 tons in 1948 to 11,040 in 1955, and a combined incoming and outgoing freight tonnage of 21,045 in 1955, it said.

Comparable figures, in the same order, follow for the other Ohio cities listed:

Columbus: 1,005, 2,760 and 7,475; Akron: 2,315, 2,760 and 7,015; Dayton: 1,045, 2,645 and 5,980; Toledo: 836, 2,164 and 6,419; Youngstown: 534, 1,968 and 7,143.

A CAA spokesman said the 1955 predictions are based on a variety of factors including planned and expected developments in exploiting opportunities to carry air freight cargoes.

He said big gains would not necessarily mean a need for big expansion of airfields.

The Republic of Czechoslovakia was created after World War I and independence declared on Oct. 28, 1918. The republic was made up of Bohemia, Slovakia, Moravia-Silesia, and several northeast Hungarian counties.

**NEIGHBORS KNUCKLE DOWN**—After appealing repeatedly to the highway department to resurface their street, the 21 families living on this St. Louis County, Mo., suburban street decided there was only one course of action. They would fix it themselves. They pooled the money and muscles necessary and dug in. Here, the men of the street, mostly young veterans, spread part of the 45 tons of rock they bought to fill in the gaping holes, which, they say, have broken auto springs and caused blowouts.

## Expose On Soviet Arms Is Hinted by Administration

WASHINGTON, July 27—The administration is going to back up its plea for a \$1,450,000,000 arms aid program by telling congress everything it knows about Russia's military preparations.

The State department's press officer, Michael McDermott, told reporters today "such information as we have will be made available" to congress. He added cautiously "we have information about Russia's armament."

McDermott's comment was made in connection with a published report that the administration intends to give congress secret information indicating that Russia is arming for war. McDermott declined direct comment on this.

## 140-Ton Flying Boat Unveiled By British

COWEX, Isle of Wright, July 27—A ten-engined, 140-ton flying boat which its makers claim is the biggest in the world was unveiled here today.

The craft is designed to carry 105 passengers nonstop from London to New York. It has a

ceiling of seven miles, a range of 5,500 miles, and a cruising speed of 380 miles an hour.

## EXTENDED FORECAST

Temperatures will average 7-9 degrees above normal. Normal maximum 79. Normal minimum day.

60. Continued warm and humid throughout period except a little cooler about Sunday. Rainfall will average 1-10 inch or less occurring as widely scattered local thundershowers Wednesday and Thursday and again about Sunday.

## SOCIAL NOTES

### Flower Arrangement Discussed At Meeting

Mrs. Herman Kubiac, accredited judge on flower arranging, explained various points of the art and commented on the flower arrangements of the members of the Garden Study club Monday afternoon at the Seavakeen lake home of Mrs. Russell Moore.

The meeting was preceded by a coverd picnic enjoyed by 18 members, two adult guests and eight youngsters.

Mrs. Moore, president, welcomed her guests and gave a brief talk on overseas gardens.

She recently returned from a trip abroad with her husband and the highlights of her trip will be given in detail at the next meeting at 2:30 p. m. Aug. 29. That affair will be held with the Salem Garden club and the two clubs will meet in the home of Mrs. J. E. Bentley, 2030 E. State st.

Mrs. Richard Lawrence was the associate hostess for Monday's meeting.

Mr. and Mrs. Enoch Kelly of Eustis, Fla., are spending a few days at the home of Mr. and Mrs. Wilford Mounts, E. Fourth st. Last Sunday both couples visited Mr. and Mrs. George Mounts of E. Fourth st., who are spending the summer at the home of Mr. and Mrs. John Hill at East Rochester. The Mounts met the Kellys while on vacation in Florida last winter. Together they will attend the Eustis day picnic at Warren.

### Auld Couple Honored At Family Reunion

Mrs. William Auld and Mrs. Robert Auld, Sr., both over 90 years old, were honored at the 46th annual reunion of the Auld family Sunday in Silver park, Alliance.

Contests, baseball and music were enjoyed.

Officers are: President, Myron Matthews of Salem; vice president, James A. Miller of Alliance; secretary-treasurer, Mrs. Floyd Stamp, Salem; historian, Mrs. William Shorts, Alliance; sports, Mrs. Jones Coe and Mrs. Ernest Valentine; table, Mrs. Carl Haase, Canton.

The 1950 reunion will be held at the same place the fourth Sunday in July.

### Mrs. Carl Sommers Honored At Shower

Mrs. Carl Sommers received many gifts for her infant son, David Lynn, Tuesday evening when former fellow employees of The Salem News and The Salem Label Co. honored her at a shower in the home of Mrs. Clyde Miller, N. Lincoln ave.

Recordings entertained, along with a musical package game. Prizes went to Mrs. Gene Tullis, Miss Elinor Currier, Miss June Hoskinson, Mrs. Don J. Smith and Miss Frances Hoffmaster.

Miss Hoffmaster and Mrs. Sommers identified correctly all the individual baby pictures brought by those present, while Miss Edna Bare received the consolation prize.

After the honored guest opened her packages, the hostess served refreshments buffet style.

Two china baby shoes filled with an arrangement of pink roses and pink and yellow pom-poms, made the centerpiece at the attractive table. A miniature stork hovered over the flowers, and pink candles lighted the pink and blue color theme used with the crystal service. The hostess gave Mrs. Sommers the flower arrangement.

Tiny baby-in-cradle favors also added to the setting and were given to the guests to remind them of the occasion.

### Engineers Society Plans Picnic

The auxiliary to the Mahoning Valley Society of Professional Engineers is arranging a picnic for the families of the members Saturday afternoon and evening at Stitt pavilion, Mill Creek park, Youngstown.

A baseball game at 4 p. m., will be followed by a coverd picnic supper at 6. A varied program of entertainment is being planned for the evening.

Local members may make reservations with Mrs. R. W. Bryan, whose telephone number is Canfield 3569-1.

### Announce Engagement Of Edna Marie Baird

Mr. and Mrs. Simon Baird of R. D. 5, Salem, announce the engagement of their daughter, Edna Marie, to Wayne Hahn, son of Mr. and Mrs. Earl Hahn of Wilson st.

The future bride graduated from Greenford High school and is employed in the office of the Electric Furnace Co. Her fiancé is a graduate of Salem High school. He is an employee of the Deming Co.

The condition of Harold L. Horstman of the Benton rd., who underwent an emergency appendectomy in the Central Clinic Sunday morning, is reported good.

Mr. and Mrs. Harold Smith and daughters, Lois and Miriam, Jennings ave., have returned from a week's stay at Lakeside.

This girl turns an old stocking into a skull-cap to keep her bangs and hair-do smooth.

By ALICIA HART

The bob that hugs a girl's head like a close-fitting cap usually needs some homework to make it cling.

If flyaway hair, especially after a shampoo, blurs the outlines of your close-fitting bob, curb wild tendencies with a stocking cap.

A stocking cap is literally that. If it's a stocking disfigured for regular use by snags or runs, it can be kept in service to control hair after every shampoo.

Stretch the stocking top over your bob, first brushed, of course, to make hair lie smooth. Tie the dangling end of the stocking into a knot at the top of your head after the stretchy top has been pinned to stay put.

If you wear bangs, see that they go under the stocking cap, for smoothness of this front fringe is important to the smooth outlines of your cap-like coif. If you need to curl the ends of your hair, make pin curls by winding them up to the edge of your cap after it is anchored.

### Patricia Senior Bride Of William Barricks

Miss Patricia Senior of Beloit and William Barricks of Alliance were married at 1 p. m. Saturday in the Alliance First Christian church. Dr. W. C. McCallum officiated in the single ring ceremony.

Attendants were Miss Leona Senior, the bride's sister, and Richard Stroller.

Miss Viletta Wahl of Cleveland, Mr. and Mrs. Frank Smith, and Miss Ruth Sullivan of Canton were weekend guests at the home of Mr. and Mrs. Harry O'Keefe, S. Lincoln ave.

### Leetonia WSCS Is Entertained

LEETONIA, July 27—The Women's Society of Christian Service of the Methodist church was entertained at the home of Mrs. L. E. Fisher Tuesday evening.

Deborah class of St. Paul's Lutheran church will have a coverd dinner at Firestone park tonight.

An adult instruction class for church membership in St. Paul's Lutheran church will meet with the pastor, Rev. T. P. Laughner, during the Sunday school hour beginning Sunday. All who are interested are invited to attend.

Mrs. Jack Holt returned to her home from Circleville. She was accompanied by her son, Dennis, who has been visiting there for three weeks.

Dr. and Mrs. Donald Shontz of Massillon spent Tuesday with his parents, Mr. and Mrs. C. R. Shontz.

Miss Marie Rueff of Kent spent today with Miss Florence Wilhelm.

Mrs. Ann McCloud spent a two-week vacation at Osborne, near Dayton. She made the trip by plane. Mrs. McCloud is employed in the Young & Brian office.

Mr. and Mrs. Harold Parker of Jennings ave., left today for Quantico, Va., to visit his brother, Tech. Sergt. N. E. Parker and family.

Mrs. Mary Meier of Hanoverton, who was ill at the Central Clinic, is at the home of Mr. and Mrs. George Balta, Georgetown rd.

By Galbraith

"It's been several years since he found anything wrong with me—I only hope he isn't losing his enthusiasm as he grows older!"

### Two Attend WSCS Officers Meeting

### Anniversary Program Is Planned; National Officer To Talk

Miss Eleanor McMurray of Salem and Miss Josephine Dunn of Winona, district officers in the Methodist Women's Society of Christian Service, have returned from Lakeside, where they attended the Lakeside school of Christian Service.

Mrs. Frank J. Stoudt of Salem, conference officer, assisted in the school.

Miss McMurray's sister, Mrs. F. E. Griffin of Columbiana, accompanied her.

Misses Inez Heisler and Alice Whinery were at Lakeside for the weekend and they attended the Wesleyan Service guild sessions of the school.

A Girls school and a Laboratory School for Children were conducted simultaneously with the adult school.

Nancy Bailey and Ingrid Nyberg of Salem and Carina Arbantis and Mary Althouse of Winona were enrolled in this school. Mrs. T. W. Purviance was one of the counselors. Mrs. Purviance and their daughter, Meredith, also spent the week at Lakeside.

Mrs. Nelson Bailey, Mrs. Eldon Groves, Miss Winifred Shelles and Mrs. Albert Catlos of Salem attended the laboratory school, while the Catlos children, Winnie and Fella, were enrolled in the laboratory school.

Mr. Bailey was there for the weekend.

### M & M Club Members Entertained Tuesday

Five hundred was the main pastime when members of the M & M club met Tuesday evening at the home of Mrs. Ralph Landwert, W. Pershing st.

Prizes were won by Mrs. Homer Detwiler, Mrs. Clifford Althouse and Mrs. Clifford Lowry. The hostess served lunch.

Meeting in two weeks the members will be guests of Mrs. Detwiler, Aetna st.

### Married This Morning

The marriage of Miss Gladys Blaine of Glenshaw, Pa., and Rev. Herman L. Strawn of Drakes Branch, Va., son of Mr. and Mrs. M. W. Strawn of Damascus, was solemnized this morning in the Drakes Branch Methodist church, of which he is pastor, by Dr. Jett, district superintendent. Rev. John Shope assisted.

### Berean Class Plans Picnic Thursday

The Berean class of the First Friends church will hold a picnic at Silver park, Alliance, Thursday evening.

### Lydia Class Members Enjoy Hymn-Sing

Miss Celia Greenisen entertained with a vocal solo and led in a hymn-sing Tuesday evening when 12 members of the Lydia Bible class of Holy Trinity Lutheran church met in the church.

Before the singing of the numbers selected, Mrs. Greenisen told interesting facts concerning each hymn. Mrs. Jane Hineman was the accompanist.

Mrs. L. F. Flick presided at the business session.

The hostesses, Mrs. H. E. Smith, Mrs. Flick and Mrs. P. E. Ritchie, served refreshments.

A coverd supper will be held in connection with the next meeting at 6:30 p. m. Tuesday, Aug. 23, at Centennial park.

### West Side Club Picnic Thursday

The West Side Community club will hold a picnic meeting Thursday evening at the home of Mr. and Mrs. Charles E. Tolerton, Damascus road. There will be a supper at 6:30.

### MARRIAGE LICENSES

Fred J. Tetlow, 22, postal clerk, Cleveland, and Joyce L. DeWan, 20, Salem.

George Franklin Thayer, 24, machinist, and Mary Lou Burris, 21, East Liverpool.

Ralph E. Mooney, 24, sanitarian, East Liverpool and Mary V. Angellone, 26, Wellsville.

Orvis D. Chandler, 22, potter, and Martha Bailey, 30, East Liverpool.

George Bock, 18, potter, and Glenda McCoy, 18, East Liverpool.

Robert O. Marroulis, 18, railroad car, Canfield, and Reta Allison, 16, Salem.

Merrill F. Conrad, 40, mechanic, and Naomi V. Keeling, 27, New Waterford.

Mrs. Newton Stirling, who has been visiting at Gallipolis, will resume her duties at the McCulloch store Thursday.

Mr. and Mrs. Fred Glass of W. Ninth st., are home from a vacation in Florida.

Mrs. Ann McNamara, tailoress at the Golden Eagle store, is on vacation.

Mrs. Elmer Johnson and Clyde Covert, employees of the Penney store, are on vacation.

### Brownie Troop 12

Brownie Troop 12 returned home Monday from an outing at Camp Merrydale.

The 16 Brownies were led in their camping activities by Mrs. James Lindsay and Mrs. Carey Jackson, assisted by Mrs. Willard Crowl, Mrs. Woodward Bailey, Mrs. Don Greenamyer, Mrs. Gay Conley and Mrs. Edward Sooley, Phyllis Flick and Nancy Harvey, senior Scouts, also helped with the work.

## Theaters

At the State theater Wednesday and Thursday outlaw brothers who shot their straightest after they went straight are portrayed by Wayne Morris, Bruce Bennett and Robert Hutton in "The Younger Brothers" a technicolor film. Also shown is Janis Paige and Geraldine Brooks.

Everything happens to Shirley Temple in "Adventure in Baltimore" at the State theater Friday and Saturday. Her reputation suffered, but her romance to John Agar (her real-life husband) did not. Robert Young plays her father.

At the Grand theater Friday and Saturday is shown the sequel to "Little Women," entitled "An Old-Fashioned Girl." This song-filled comedy stars Gloria Jean, Jimmy Lydon and John Hubbard. Also shown is Roy Acuff in the action musical, "Home in San Antonio," and episode five "The Fatal Dive" of the "King of the Rocketmen" serial.

## Warn American Citizens To Get Out of Canton

WASHINGTON, July 27—(UP)—The State department disclosed today that more than 700 American citizens in the Canton area of China have been warned to get out while there is still time.

The department made public a warning sent to all Americans in four southern provinces by the Canton consulate today. They were advised to utilize existing transportation facilities while they are still available.

Chinese Communist armies were reported on the approaches to Hengyang, some 250 miles north of Canton. A foreign military observer in Canton said "there is nothing between Hengyang and Canton to stop the Reds."

The fouled anchor on the official seal of the U. S. Public Health Service signifies a sailor in distress and represents the oldest function of the service, which was the operation of marine hospitals.

## The Nation Today

By JAMES MARLOW  
WASHINGTON—(AP)—Britain and Canada know how to make an atomic bomb. Neither has made one. Canada doesn't want to. Britain does. The only one either could make is the old-fashioned 1945 model.

Neither knows how to make the up-to-date kind that we can turn out now. We've left them behind because this country hasn't shared with them the information on making the most recent model.

The highest government officials here have been having hush-hush talks. From what newsmen can learn those talks are about giving more atomic information to our two wartime allies.

BUT THERE'S A bit of mystery in why those talks are occurring at all at this time. Canada says it hasn't done anything to bring on the talks. And an informed

Briton here says his country hasn't asked for any information recently. This is the background: "During the war this country, Britain and Canada cooperated in making the United States the bombs that were dropped on Japan. They shared information then.

Then the sharing stopped—full sharing did—in 1946 when congress passed the Atomic Energy act. This act said our government no longer could give any nation—this included Britain and Canada—our most secret information on bomb-making.

So, since then, those two countries have received some information from us but have been shut off from the most secret stuff. Now comes a question: How do we know Canada and Britain know how to make a bomb but not the 1949 model?

Robert F. Bacher, former member of the Atomic Energy commission and physicist who worked on the first atom bomb during the war, told a congressional committee on July 7 that the wartime cooperation between the U.S., Britain and Canada was quite complete.

HE SAID BRITAIN knows how to make the bomb and is getting ready to make one. But he pointed out that there are long steps between getting ready to make a bomb, then making the first one, then turning them out in quantity.

Since the British haven't been in on the most recent knowledge of bomb-making, they'd have to start with the knowledge they had when we drew the curtain on them in 1946, or what additional knowledge they have gained in their own work.

But who says we have a 1949 model different from the 1945 one? This statement also was made July 7 before a congressional committee by Brigadier General James McCormick, one of the top officials of the Atomic Energy commission.

He said there's been a "complete model" change since 1945. So much for the background:

On the night of July 14 President Truman called a secret talk. Some of the biggest men in government took part: Secretary of State Acheson, Secretary of Defense Johnson, General Dwight Eisenhower, members of the congressional committee on atomic energy.

WHEN THEY CAME out of the talk they wouldn't tell reporters what it was about. Later newsmen reported it was about sharing information on the bomb with Britain and Canada, and no one has disputed this.

Again Wednesday there was a hush-hush meeting, this time called by the congressional committee. Again some of the biggest men took part. Again they refused to go into details afterwards.

But why the sudden secret talks about sharing secrets? Yesterday C. D. Howe, acting prime minister of Canada, said his government had no connection with the talks.

He said his country knows how to make a bomb, although maybe not "as good as the Americans turn out," but doesn't want to make any.

As for information about the bomb, Howe says there's some information his country doesn't get from us but is satisfied with what it is getting.

Here in Washington, a Briton, who ought to know what he's talking about, told this writer the British have asked for information from time to time—and sometimes got what they wanted, sometimes didn't—but haven't asked recently.

GEORGE MITSUHASHI, 43-year-old San Francisco-born Japanese who played a leading role in Radio Tokyo during the war, takes the stand for the prosecution in the treason trial of Mrs. Iva Toguri D'Aquino. He accuses the 33-year-old "Tokyo Rose" of seven "overt acts" of treason charged against her. Mitsuhashi, who renounced American citizenship, says he was D'Aquino's superior for "zero hour" broadcasts beamed to U.S. troops. (International)

## 200,000 Homeless In China Typhoon

SHANGHAI, July 27—(AP)—Shanghai's worst storm in years killed 29 persons, injured 23 and left upwards of 200,000 homeless rescuers sloshing through flooded streets it was learned today.

Fourteen died when a house collapsed, 10 lost their lives in a series of fires and five others were electrocuted by power lines blown down in the 25 hour storm.

Property damage appeared heavy. But the worst may have occurred in neighboring farm areas. Badly needed truck crops were either totally destroyed or badly damaged. The lower Yangtze rice crop, due to be harvested in 40 days, was destroyed partially.

The typhoon ended last midnight. Earlier it had seriously damaged military installations on Okinawa island.

## EULOGIZED 'DEAD' VET FOUND ALIVE

TOPEKA, Kas., July 26—(AP)—The American Legion erected a marker honoring the memory of a Kansas war veteran—but the veteran was found alive and well yesterday.

Dean Hobson, 26, who participated in the Battle of the Bulge, was found working at the Winter Veterans hospital here as a radio technician.

A name change caused the mix-up in his life and death status.

He was adopted at the age of 18 months when his parents were divorced and his last name was changed from Spence to Hobson.

His father, Norman Spence of Manhattan, Kas., wrote the War department for a record of his

son's whereabouts. He was unaware his son's name had been changed.

The war department replied that Dean Spence had been killed in action over Italy.

The Legion then erected a memorial marked in Manhattan. Hobson learned his father was living in Manhattan, paid him a visit and discovered the mixup.

## Drowns In Gravel Pit

DAYTON, July 27—Thomas Dietz, 8, drowned yesterday in a gravel pit in the North Ridge section of Dayton. He was the son of Mr. and Mrs. Thomas Dietz.

## Ohio Still Seeks Street In Capital

WASHINGTON, July 26—(AP)—An act by George Washington ended the discussion yesterday concerning the state of Ohio's efforts to have a street in the Capital named after Ohio.

It seems the nation's first president named the Chesapeake and Ohio canal and that canal road was in turn named after the wet ditch.

At a hearing before District of

Columbia commissioners, Stanton Kolb, speaking for the Georgetown Citizens association, said he didn't think Ohioans would want to go contrary to the wishes of George Washington. Whereupon Rep. Jenkins (R-Ohio) called Kolb an interloper and asked how he could speak for the people of Ohio.

The Buckeye state is the only one without a street name in Washington.

Commenting on objections to

the name change, District Commissioner Guy Mason said: "Apparently no one objects to Ohio. District residents just don't want to make the change. Some people don't even want to change their shirts."

## Falls In River, Drowns

TOLEDO, July 27—Robert Griffith, 24, of Toledo, drowned yesterday in the Maumee river after he fell from a dock.

## S-T To Expand Blooming Mill

YOUNGSTOWN, July 27—(AP)—The Youngstown Sheet and Tube Co. will spend approximately \$4,500,000 on its blooming mill at Campbell to roll wider slabs for heavier coils of sheets for the automobile industry.

In announcing the plan, president Frank Purnell said:

"Our board of directors has authorized changes in the blooming mill at Campbell works to roll wider slabs for the purpose of making heavier coils of sheets to meet demands of the automobile industry.

"The present limit of slab width is 43½ inches while the new range will be up to 56 inches. The installation means changes in the drives, tables, shears, manipulators and to numerous other facilities.

"It is not expected that capacity will be increased materially. The sole purpose is to keep the company in a competitive position. Cost will amount to approximately \$4,500,000.

"This is another example of the use of retained profits to keep the company modern and to protect jobs and pay roll; all contributing to the benefit of the whole community."

## PILOT KILLS SELF ON WIFE'S GRAVE

STOCKTON, Calif., July 27—(AP)—An airplane pilot terrorized this city for an hour with repeated buzzing—then power-dived to his death in the graveyard where his wife was buried four months ago.

He was Russell Gilman Higby, Jr., 23, son of a well to do produce merchant.

Sheriff Carlos Sousa said the young man was flying his father's Cessna monoplane. Witnesses said Higby's screeching dives over the city yesterday often leveled off at tree top height.

Sheriff's deputies waited at the airport to arrest him. With them were Mr. and Mrs. Russell Higby who told officers their son had been "very despondent" since his wife, Beverly, died April 1 in childbirth.

Higby made two power dives on a cemetery at the city limits. On the second, witnesses said, he started from 2,000 feet and never pulled out.

Higby was an ambulance driver in England in World war II. He leaves two daughters, 2 years and four months old.

Because its eyes are sensitive to ultra-violet rays, a cat can see better than a human being in the dusk, but it cannot see at night as well as it can during the day.

## Boyle's Column

By HAL BOYLE

NEW YORK—(AP)—Guess what Noah took into his ark—besides people—that also rode in the Mayflower and solaced the Pilgrims.

Beer!

Yes, sir, and beer also went to the South Pole with Rear Admiral Richard E. Byrd on his Antarctic expedition in 1939.

These and other little known facts about beer have been compiled by the United States Brewers Foundation. They have been set forth in a little pamphlet designed to let the common man know what's behind the foam in his glass.

It shows that "gent who sidles up to the bar and says 'pull one' isn't simply ordering a cooling drink. He's bending elbows with history.

Why, it says here, beer has marched step by step with man in his upward march since the dawn of time. Beer is as old as farming and has played a bubbling role in war, science, cooking, medicine and the development of a hundred modern industries.

Here are a few facts uncovered by the industry's scholars: A Mesopotamian seal, backed in pottery and showing two workers at a brewery vat, proves beer was known 6,200 years ago.

When Christopher Columbus came to Central America in 1502, he found beer had traveled here before him. The Indians were escaping from the heat with "a sort of wine made of maize (corn), resembling English beer."

The phrase "mind your p's and q's" is thought to have sprung from the old English tavern-keepers' custom of noting down customer orders—by pints and quarts.

John Alden, who wooed and won Priscilla Mullen got passenger space on the Mayflower because he was a cooper and could repair the beer barrels aboard.

The first white child born in New York City, Jeanne Verne, became a brewer in what is now Wall street, William Penn, the Quaker, built a brewery next to his manor house.

Soldiers in the American revolution drew a quart of beer in their daily rations. When the supply ran short George Washington begged the board of war in 1777 to rush the growler for more.

Washington himself drank beer. Other members of this early day "men of distinction" club were Samuel Adams, a brewer himself, Thomas Jefferson, Patrick Henry, Israel Putnam and James Madison.

How did Joseph Priestley evolve his theory on the life-giving qualities of oxygen? By studying bubbles rising to the surface of a beer vat.

Where was the first air-conditioning plant installed in America? In a brewery in Alexandria, Va., in 1880.

On 1810, the first year for which production figures are available, the American population of 7,239,881 drank 182,690 barrels of beer and ale, of 0.78 gallons per capita.

In 1948 the population had risen to 146,114,000, the consumption to 86,992,795 barrels, or a per capita record of 18.5 gallons. The industry now figures it employs 80,000 persons, buys \$300,000,000 in farm products each year, pays out almost as much in salaries and some \$900,000,000 in taxes.

Whether these figures will give the average beer drinker pause for thought or not, he will be interested in one thing. Beer during the American Revolution sold for about ten cents a gallon.

"But by today's standards it was not too great a bargain," says the Brewers' foundation. "It usually was heavy, cloudy and lacking in sparkle."

### FARM NEWS OF LOCAL INTEREST...

#### Propose Price Formula

Latest activity in the development of a different formula for pricing fluid milk is a request from the Akron market to the Ohio Agricultural Experiment station for additional research work, reports Elmer F. Baumer, agricultural economist.

The Akron market has proposed a formula for the price of fluid milk that will reflect the relationship between economic factors and the prices of milk used for bottling purposes, as were used in pre-war years of 1935 to 1939.

This formula is similar to that used in the Boston and New York markets, says Baumer, with the exception that the Akron formula includes condensery prices as one of the economic factors.

Reconstruction Orchard Theme

Orchard reconstruction will be the general theme of the annual Orchard day event of the Ohio Agricultural Experiment station at Wooster Aug. 18, announces F. S. Howlett, chairman of the department of horticulture.

New plantings of orchards are being suggested. Many Ohio apple, peach cherry, plum, and pear orchards should be replaced with new ones. The importance of site, selection of varieties, pollination, and soil management will be emphasized on this year's program.

A. F. Vierheller, extension horticulturist at the University of Maryland, will be out-of-state speaker on the program.

Orchard day on Aug. 18 and the meeting of the Ohio State Horticultural society on August 17 at Jackson, Ohio, are planned jointly by the department of horticulture and the officers of the horticultural society.

## 3 Little Orphans On Vacation Tell What Children Like

MOUNT VERNON, N. Y. — (UP)—The three little orphans, who were selected as guinea pigs to find out what children like to do on vacations, are back home again, tired but happy.

"Well," said Dr. John Frensen, superintendent of the Wartburg Farm School, when he let them in at 11 p. m., "you got home all in one piece."

The three children, Joan Troesche, 12, Eddie Carlson, 9, and Helen Schull, 6, were selected in an essay and drawing contest. They were taken on a two-week trip to Washington and Williamsburg, Va., by Carol Lane, travel research director for the Shell Oil Co., and Elizabeth Baker.

Neither of the young women had any experience with children when they left. They had plenty of experience by the time they got back.

Need Wiggling Room

"The important thing we learned about children and vacations," Miss Lane said, "is that children like to dawdle at their meals and when going to bed and getting up. They also have to have room to wiggle. They can't be expected to act like grownups, and if they're treated as children, the vacation goes along fine."

The three children couldn't ing reached the age of 15 months. they have lived around four seasons and are certainly as tender and vulnerable to the weather at that age as any time in their lives. So they may live and thrive—2,000 miles from their homeland, California.

He has a few specimens of both Sequoia sempervirens and giantia. Sempervirens is the ordinary redwood and giantia is the big tree. Though this is the largest size plant on earth and reaches second to the longest life, it starts out small. So who knows but those few trees Wilmer planted in 1948 may set out to bridge a space of time covering the Christian era for that's what the big trees in California have done—they were already a thousand years old when Christ was born.

Report Fewer Bees

Ohio honey producers have five per cent fewer bee colonies this year than last, the federal-state crop reporting service said today.

riding; give them plenty of sleeping time.

WHAT NOT TO DO

And "don't" jump out of your seat at strange noises or soap bubbles coming out of the back seat while you're driving; let the children pick wild berries and other fruits without knowing what they are; be disappointed when young children get restless during conducted tours; stop the car suddenly and throw the children out of their seats; eat heavily during the day's drive (better eat a big meal at the end of the day); expect small fry to sit primly (stack the luggage to give them a "wiggly platform" in the back seat); don't forget pillows to prop each child up high enough to see; don't encourage candy eating and don't forget that children need extra affection away from home.

Q's & A's

Q—For whom was "Hail to the Chief" originally written?

A—"Hail to the Chief," music by James Sanderson, words by Sir Walter Scott, was intended originally for the head of the Scottish Clan Alpine. There is no record of just when our presidential theme song crept into Washington's official music literature.

Q—When was the longest recorded baseball game in the American League played?

A—The game between Philadelphia and Boston, Sept. 1, 1906,

which lasted 24 innings; and the game between Detroit and Philadelphia, July 21, 1945, which lasted 24 innings and was called on account of darkness.

Q—What percentage of our population lives on farms?

A—At the beginning of this year, the farm population made up 19 per cent of the civilian population of the country—the same as in the last few years. In 1940, the farm population was 23 per cent of the total.

Q—Where did the first Congress of the United States meet?

A—In Federal Hall, Wall Street, New York, in 1789.

Q—What is the difference between a safety match and a household match?

A—All of the active ingredients of a household match are placed in the head. In a safety

match, one of the active ingredients is left out of the head and mixed with the materials of the scratching surface on the box.

AT FIRST GLANCE Joan Hull looks like a giraffe-neck lass, but that's actually her sister Mary over at right, co-operating on sands at Daytona Beach, Fla. What a figure, what a face. (International)

Baby wide-eyed in her arms, mother verges on collapse.

THIS DRAMATIC photo sequence was obtained shortly after a roominghouse caught fire in New York, with a spectator retaining his presence of mind long enough to shelter a woman victim's child from the fire as she fainted. (International Soundphoto)

WELL, WHADDA YA KNOW, BOA?—When Carl J. Vickers, Columbus, Ohio, pet shop manager, looked in the box where he kept his new boa constrictor, he thought he was seeing snakes. He was—18 frisky boa babies that Mama Boa produced as a surprise for her new owner. The snakes make nice pets—says Vickers.

MISS FLORIDA—Meet Shirley Rhodes, 18, this year's "Miss Florida." She won the title at Miami Beach after being chosen Miss Tampa in her home town. Next stop for Shirley will be Atlantic City, N. J., for the Miss America contest this fall.

CALLED RED COURIER—Mrs. Mary Jane Keeney, above, a former State Department employee now working for the United Nations, is charged by the House Un-American Activities Committee with having served as a Communist courier in 1946. Taking its information from confidential FBI files disclosed at the Judith Coplon spy trial, the committee charged Mrs. Keeney with meeting and passing papers to a Joseph Bernstein who is "suspected of being engaged in Soviet espionage." Mrs. Keeney flatly denied the charges.

HIS NAME is Rockefeller, but he doesn't have the money that goes with it, says John J. Rockefeller (above), shown baling hay on a farm in Polk City, Iowa, where he's working during his summer vacation. Kin to the royal oil family, young Rockefeller is a student at the American University, Washington, D. C. (International)

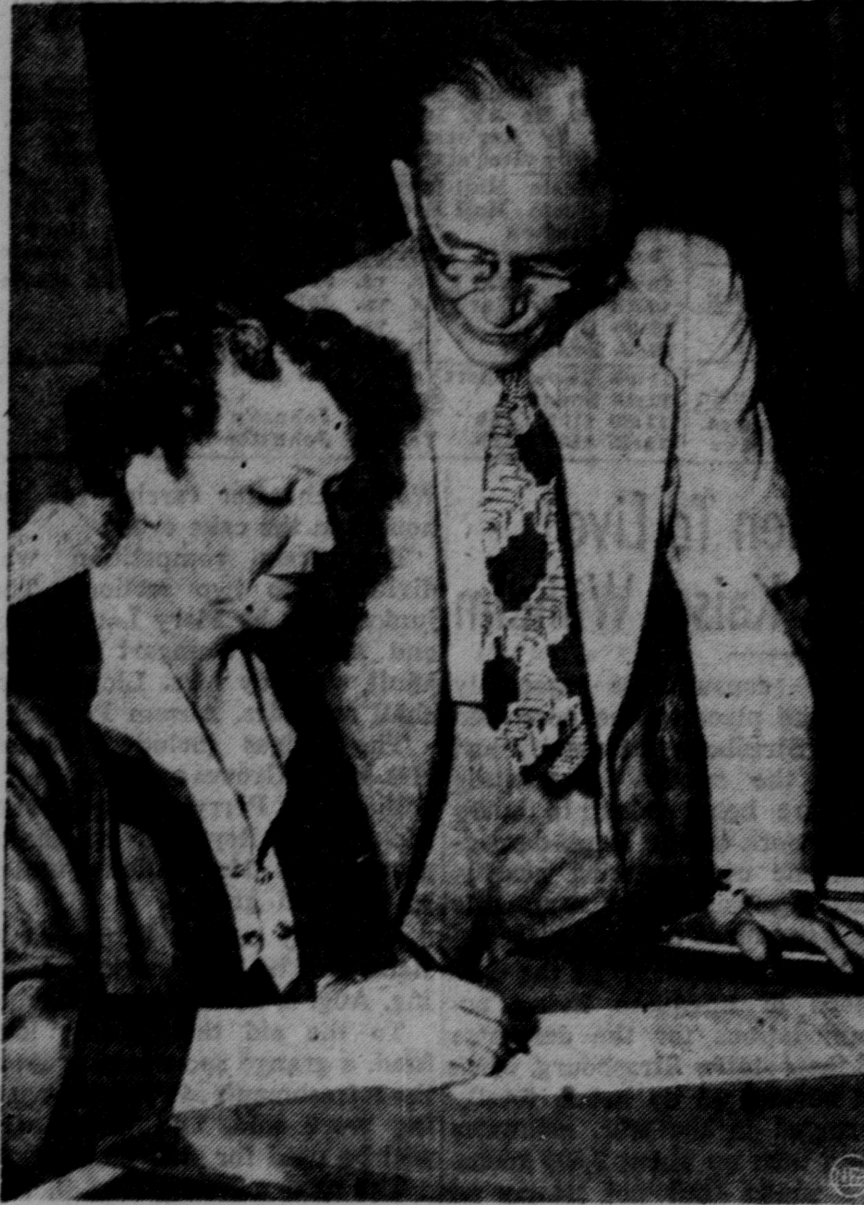

FAIR QUEEN—Martha Mitchell reigns as Queen of Chicago's 1949 Railroad Fair. A member of the Cypress Gardens equi-show, Martha was voted prettiest girl employed at the exposition.

GETS LABOR POST—Philip M. Kaiser, above, has been nominated by President Truman to be assistant secretary of labor in charge of international labor affairs. The post has been vacant about two years. Kaiser, 36, a native of New York, is now director of the Labor Department's Office of International Labor Affairs.

"SWEET LILANI" JOHNSTON, 18-year-old Honolulu lass, "Miss Hawaii of 1949," will try for title of "Miss America" with a hula at the annual "Miss America" pageant in Atlantic City, N. J., in September. (International)

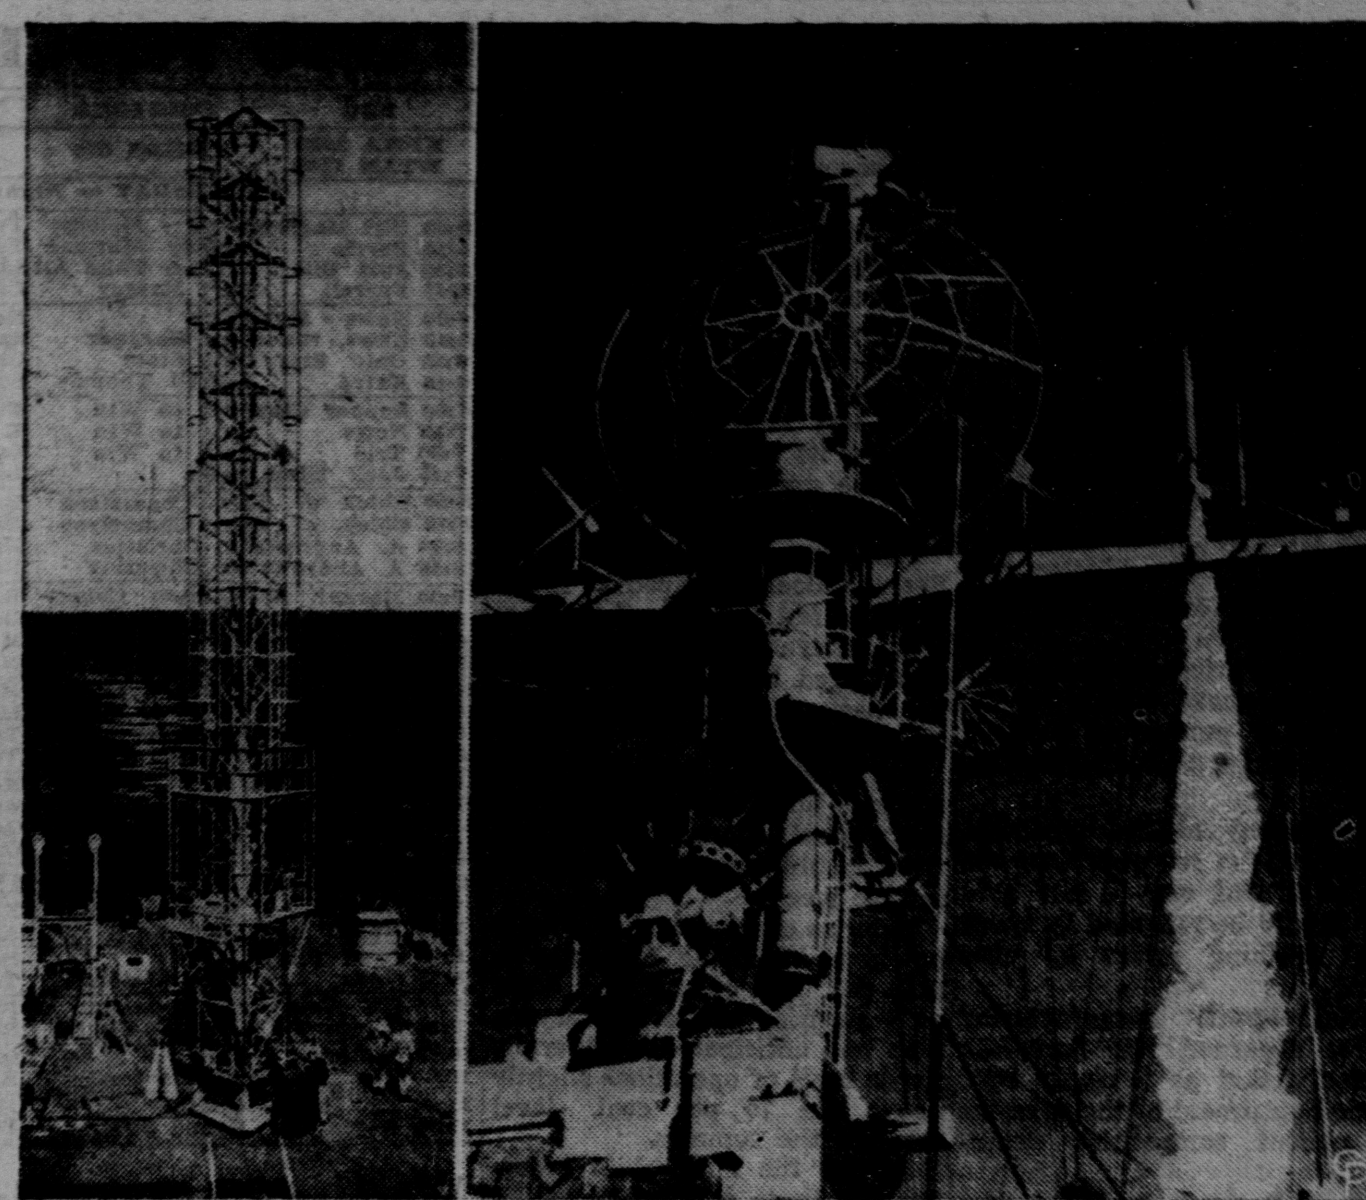

WEALTH OF NATIONS—Mrs. Georgia Neese Clark, first woman treasurer of the United States, was entrusted with the nation's wealth as she signs her name to a receipt worth \$27,424,541.375.78%. The sum represents the government's currency, cash, and securities. Auditors certified the receipt down to the last two-thirds of a cent. The capital was transferred to Mrs. Clark by Michael E. Slinde, acting treasurer, who watches her sign the receipt in Washington.

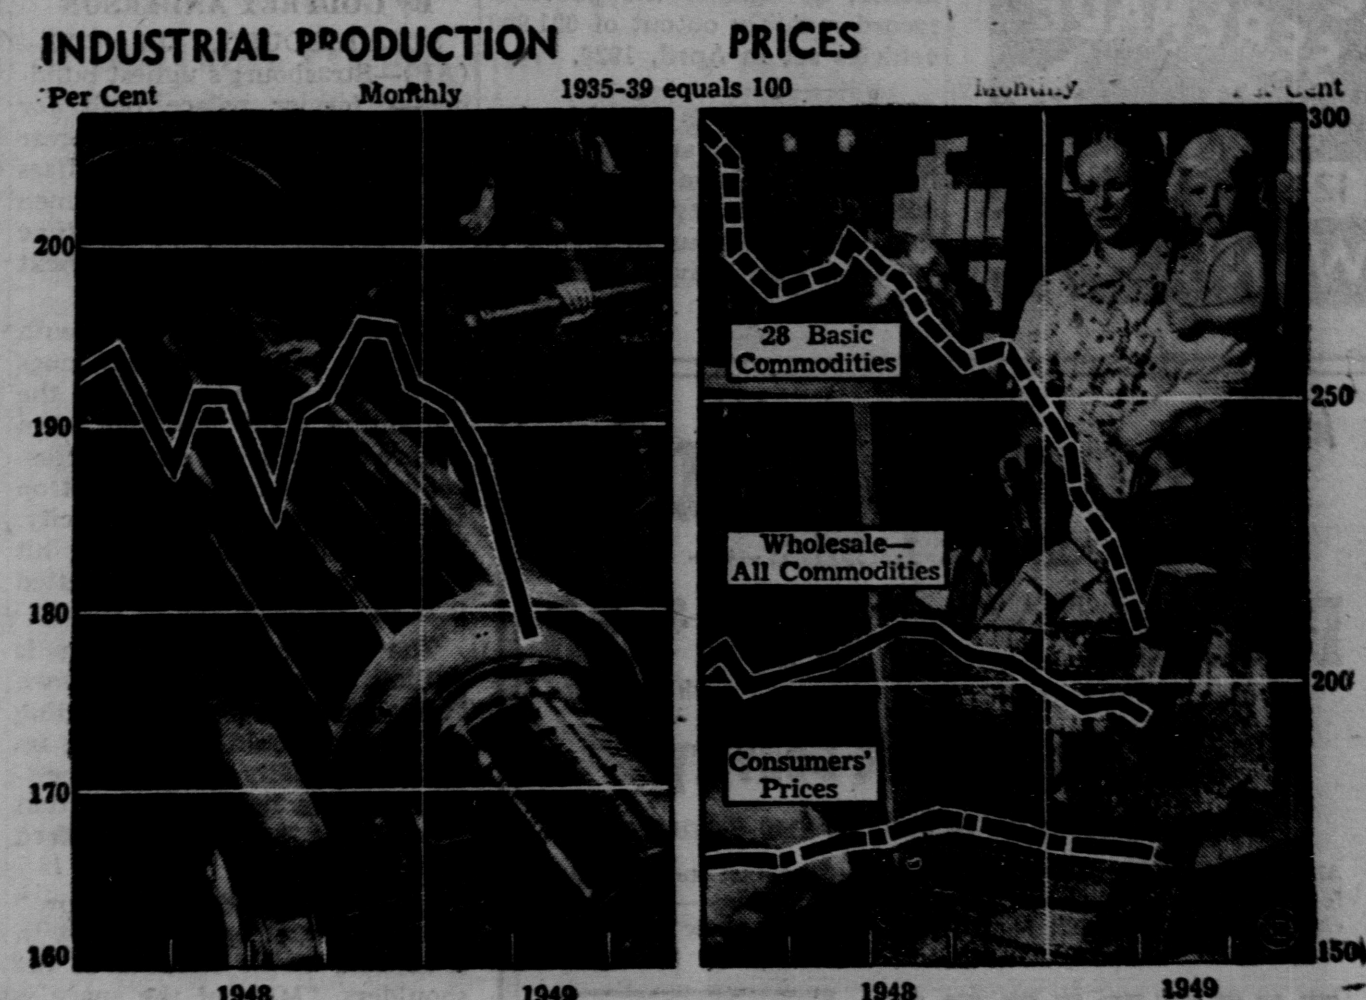

MERRY CHRISTMAS—Perspiring church women string Christmas lights on an evergreen tree in preparation for a midsummer Yuletide party at Kendallville, Ind. Methodist Church members thought Christmas is too commercialized in December so decided to hold their own celebration, stressing religious aspects, in July. The tree had to be set up indoors because too many bugs outside waited to join in on the festivities.

SHE "WOULDN'T COME DOWN now for a million dollars," says Mrs. Jean Ellis, 24, as she tends to her knitting atop a 50-foot pole at Revere Beach, Mass., going into her third week as a flagpole sitter "until something is done for us. We want a home in which we can live decently and here I remain until we get one." Her steeplejack husband Arthur sleeps in a ticket booth near the pole's base. Mrs. Ellis has a power line, radio, and other conveniences. (International)

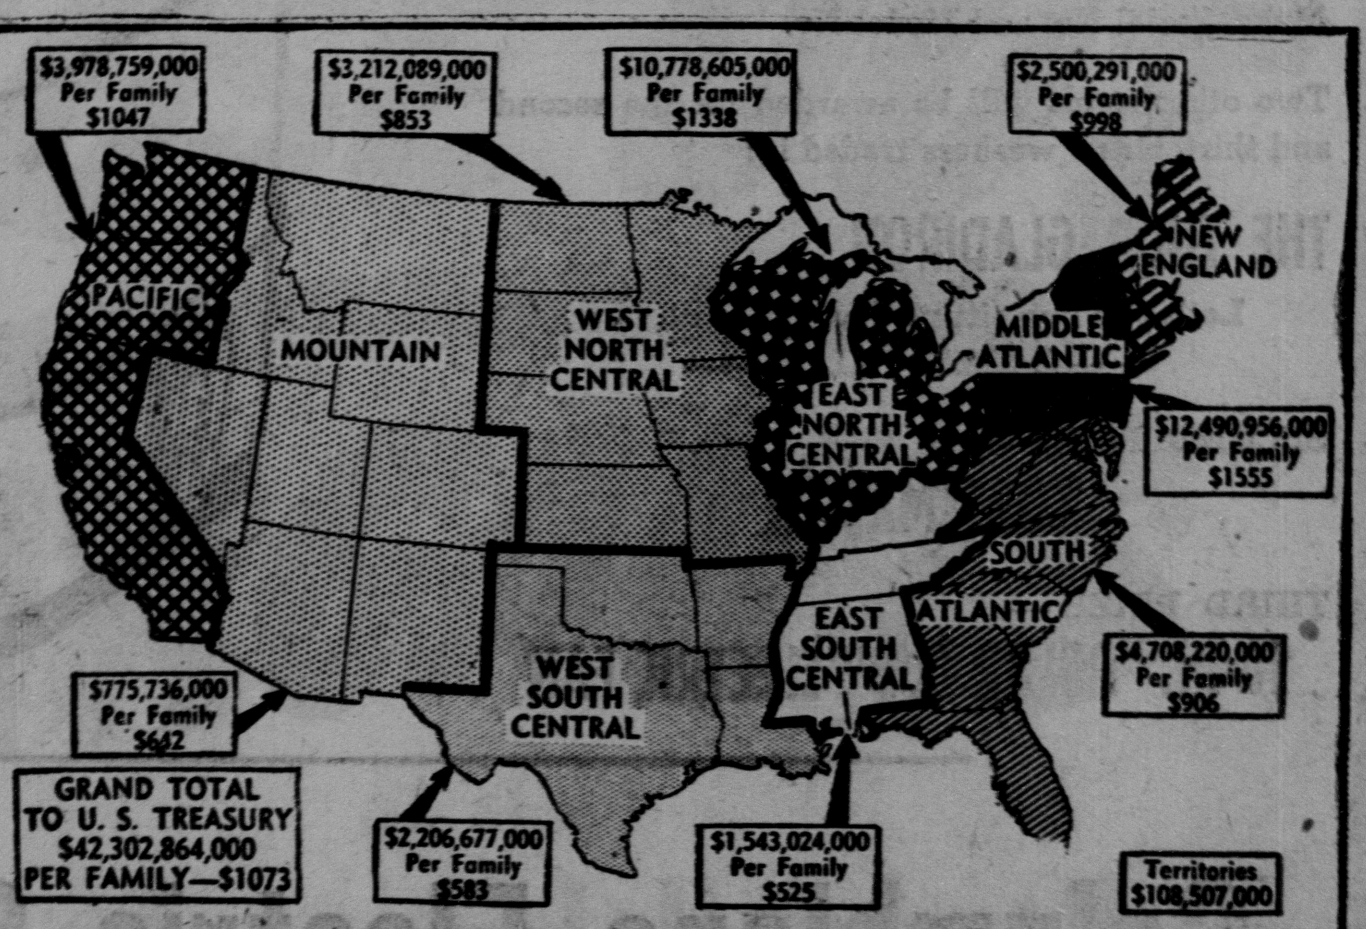

THE NAVY HAS ANNOUNCED that it successfully fired rockets from the deck of the U.S.S. Morton Sound 700 miles off the west coast of South America last March. At left, is the launching tower on the deck of the ship with an Aerobee rocket ready for firing. At right, the rocket zooms up. It attained an altitude of more than 65 miles. Instruments in the nose of the rocket obtained scientific data on cosmic rays. (International)

PRICES AND PRODUCTION ON DOWNGRADE—These newscharts show how industrial production and prices declined in the first quarter of 1949, according to current economic reports issued by the Board of Governors of the Federal Reserve System. Production is down from 195 per cent last November to an estimated 179 for April. The decline has been general, since activity has decreased in 13 of 19 industry groups. In prices, basic commodities dropped the most, while consumer prices show only slight reduction. Most significant decline this year has been in metal markets, with steel scrap and non-ferrous metals scrap down 40 to 50 per cent. The price support program for many farm products has prevented more marked declines in that field.

HORSEPLAY—A photographer flying over Gore Sound near Morehead City, N. C., came upon this strange sight of frolicking horses. It became a game of follow the stallion into the cool water when the temperature got too hot for the horses in their shoreline pastures. The semi-wild stock is allowed to run free on the isolated banks but is rounded up each year so the yearlings may be branded by their owners.

THERE IS NO SANTA CLAUS—YOU PAY THE BILLS—Uncle Sam is spending a lot of money these days—in fact, more than he's taking in. And you're the guy who's paying for it, through taxes. This map gives a breakdown of how much you and other tax-payers kicked into the federal kitty during 1948. The grand total collected for the year, \$42,302,864,000, is equivalent to the total wages of all persons working in factories and mines throughout the country.

## WOOL MILL CUTS PRICES FOR 1950

### Hopes To Spur Spring Sales; Other Firms Make Reductions

By International News Service  
A series of price cuts in major phases of United States industry were announced today in an effort to spur sales.

The most dramatic slash was made by American Woolen Co., the nation's largest manufacturer of wool fabrics.

It reduced prices on men's wear fabrics for next spring by as much as 19 percent in a move aimed at stimulating lagging sales.

A company official described the cuts as the sharpest since the end of World War I, and said they should be reflected in lower retail clothing prices by next spring.

Wool textile manufacturing circles regarded the American woolen action as a major vent in the adjustment of the industry to current competitive conditions.

Sears Roebuck and Co., the

nation's leading mail-order distributor, announced a slash in the price of farm implements ranging up to 16 percent.

Company officials said the price cuts were made in an effort to revive lagging implement sales.

Westinghouse Electric Corp. followed the downward price adjustments by ordering reductions up to \$200 on sixteen radio models, effective immediately. Only last March, the company reduced its suggested list prices on nine radio models from 20 percent to 50 percent.

Meantime, although the Federal Reserve Board's industrial index for June fell to a new three-year low, government officials were encouraged by rising activity in the basic steel and automobile industries.

The American Iron and Steel institute announced that the nation's steel operating rate this week would rise to the best level in five weeks.

The rise of three and two-tenths points in operating schedules to 81½ per cent of capacity, came as a surprise to steel observers, who had anticipated a generally stable level of operations slightly above the 75 per cent level through the summer.

As for the automobile industry, the trade publication "Automotive News" forecast an all-time high in August production. It estimated that auto makers would build 678,500 vehicles next month, as against the previous record monthly output of 621,900 vehicles set in April, 1929.

"Heavy water" is a combination of deuterium and oxygen. All its properties have not yet been determined, but tests have shown that it is poisonous to plants. It is 10 per cent heavier than ordinary water.

## Western European Statesmen To Live In Ugly Palace Built For Kaiser Wilhelm

By GODFREY ANDERSON

STRASBOURG, July 27—(AP)—Strasbourg's ugliest building—a former palace built for Kaiser Wilhelm II, who never lived in it—will serve as offices for western European statesmen when they meet for the first time in their new "capital" next month.

The massive Rhine palace, with its yellow and pink stone facings in a German adaption of the Florentine style, has long been a sore point with many Strasbourgers who feel it is a blot on their otherwise beautiful city. They rejoiced when a shell hit it early in the war, then regretted that the damage was so slight.

The mayor of Strasbourg is willing, even eager, to pull down "this monstrous German wedding cake." He would like to put up something really worthy of western union in its place. But that would take at least a hundred million francs.

"It was all put up for show," says Mayor Charles Frey, with a delicate Gallic shudder of the shoulders. "Most of the space is taken by staircases and corridors and there is hardly a decent-sized room in the place. Besides there's virtually no plumbing."

While the permanent secretariat makes the best of conditions in the former imperial palace, plenary sessions of the western

Europe consultative assembly will take place in the borrowed hall of Strasbourg university just across the square. Meanwhile steps are being taken to hurry repair work on the bomb-damaged music conservatoire nearby, which is considered more suitable as a permanent meeting-place.

More difficult may be the provisions of adequate living accommodations for the delegates and their staffs. Strasbourg, which had several of its hotels totally destroyed in the war, estimates it can turn up about 2,500 rooms at a pinch (but not nearly so many bathrooms. Several damaged hotels are being hastily repaired and a group of city businessmen is considering floating a corporation to build a big new one.

## Granges

Twelve candidates were obligated in the first and second degrees by the young people's degree team, captained by Mrs. Edward Miller, at the Friday evening meeting of Goshen grange.

A highlight of the evening was an orange chiffon cake contest sponsored by the state grange and a two-piece cotton dress contest sponsored by the national grange.

Mrs. Frank Baird and Mrs.

Wade Schaeffer carried off the honors in the cake event.

The dress competition was divided into two sections; The junior, won by Mary Lou Hively and Marilyn Weingart and the adult, won by Mrs. Lloyd Marshall and Mrs. Abram Peacock.

The judges included: Dress, Mrs. Eldon Groves and Mrs. Perry Hilliard of Perry grange; cake, Mrs. John Reynolds of Smith grange and Mrs. Allan Stanley of Garfield grange.

A county contest in these two fields will be held Tuesday evening, Aug. 2, in Greenford grange.

To the aid the student loan fund, a grange sponsored project, the refreshments at Friday's meeting were sold, and the money will be used for that purpose.

The next meeting, Aug. 5, will be in complete charge of the young people of the grange. They will conduct the meeting and assume all offices.

**430,000 College Degrees**  
WASHINGTON, July 27—The nation's colleges handed out a record number of degrees—430,000 of them—during the past school year.

"Memphis Blues," which started the "blues" fad, was written in 1909 by W. C. Handy as a campaign tune for E. C. Crump, of Memphis, according to the Encyclopedia Britannica.

## Industrial Production Hits Three-Year Low

WASHINGTON, July 27—(AP)—Industrial production, which has been declining steadily since setting a record last November, hit a three-year low in June. It may be still lower this month.

A federal Reserve board report which showed June production off 3 per cent from May and down 13 per cent from November left Secretary of the Treasury Snyder unmoved.

"Conditions continue good," Snyder said yesterday of the domestic front upon his return from a 23-day trip to 12 countries in Europe and the Middle East.

On the foreign news front, he reported European recovery progress has "in many respects ex-

ceeded earlier expectations," but now that Europe has increased production it "must concentrate on increasing dollar earnings"—that is, sales to the U. S.

**Sears Cuts Prices**  
CHICAGO, July 27—Sears-Roebuck and Co. today announced

a 4 to 16 percent reduction in the price of farm implements.

The aardvark is an African ant-eating, burrowing animal. It is a large animal, with ears longer than a rabbit's, a snout longer than a pig's, and a tail longer than a man's arm.

# Boston's Rookie Twirler Makes Threat Of McCarthy's Team

## LEFTY M'DERMOTT HAILED AS "FIND" OF YEAR FOR SOX

### Breezes To Fourth Win For Boston; Cards Move Ahead

By JOE REICHLER  
The biggest break the Boston Red Sox got this season was when Maurice "Call me Lefty" McDermott swallowed his pride and consented to return to the minors for more seasoning.

Because of that decision, the Red Sox today own the brightest young pitching star in the American league.

Last April, when Manager Joe McCarthy farmed him out to Louisville, the 20-year-old left-hander was so incensed that for a while, he was ready to return to his home in Poughkeepsie, N. Y.

Not long after McDermott set an American association record by striking out 20 St. Paul players in a single game, Lefty was recalled by the Red Sox. That was on June 12. Since then he's made six starts and won four of them. His two defeats were by 1-0 and 5-4 scores.

The cocky youngster, now in his fifth professional season although not yet of voting age, pitched another beauty last night as the Red Sox chopped up the Chicago White Sox, 11-2. In going the route for the fifth straight time, the lanky fireballer allowed six hits, walked six and struck out seven. In 52 innings, he's allowed only 31 hits, walked 32 and fanned 38. Eight is the most hits he's given up in a game.

The Yankees and runner-up Cleveland Indians were idle. The St. Louis Cardinals increased their National league lead to a game and a half over Brooklyn. The Redbirds walloping the Philadelphia Phils, 9-5, after the Chicago Cubs had shut out the Dodgers, 6-0.

Harry Brecheen pitched a so-so game but was aided by a 16-hit barrage by his mates to earn his eighth victory. Stan Musial and Enos Slaughter each rapped a

pair of doubles and a single. Johnny Schmitz, an old Brooklyn nemesis, blanked the Dodgers with seven hits. It was the Brooks' fourth straight setback. Shortstop Roy Smalley, with a double, triple and single, and two runs batted in, led the Cubs' attack.

Sam Chapman's single with two out in the 10th inning scored Eddie Joost with the run that gave the Philadelphia Athletics a 5-4 victory over the St. Louis Browns.

Wally Moses, Veteran Philadelphia outfielder, singled in the fifth for the 2,000th hit of his major league career. He became the third active player to accomplish the feat, and the 36th in baseball history. Luke Appling of the White Sox and Dixie Walker of Pittsburgh are the other active to hit 2,000.

The Detroit Tigers handed the Washington Senators their 11th successive defeat as young Ted Gray spun a five-hit 6-2 victory for the Bengals.

Dino Restelli backed Ernie Bonham's six-hit pitching with a two-run homer to lead the Pittsburgh Pirates to a 4-1 triumph over the New York Giants.

The Cincinnati Reds knocked out Johnny Antonelli, Boston's \$70,000 bonus pitcher, in the second inning, and went on to ship the Braves, 6-3.

## McQuiston Hurls No-Hitter; Amvets, VFW, Deming Win

The second no-hit game within a week in the National softball league was hurled Tuesday night by Johnny McQuiston of the V. F. W., as his team white-washed the Mullins nine 8-1.

In two American league tilts Demings edged the Democrats 4-3, while the Amvets shut out Parkers 8-0 on a one hit pitching achievement by John Zines.

It was McQuiston's finest twirling of the season, and he was in command all the way. His mates tagged Jack King of Mullins for six hits. Three Mullins errors helped the cause.

Ralph Moffett notched two hits for the winners.

Although out-hit seven to five, Demings club managed to push four runs across the plate to top the Democrats. Joe Nocera of the Democrats was the only player on either team to get two hits.

Zines approached his 1948 form last night in giving Parkers only one hit. Last season the fireballer won 28 consecutive games for the Amvets. So far this year, he has pitched in only about five games and had not looked as fast as previously.

Kirby Laughlin, making a determined bid for his third batting trophy, collected two for two. Jim Appedison kept his average up by getting one hit in two tries.

The victories kept Deming and Amvets in a tie for first place with identical 13-3 records. The Diner, with a 12-3 mark, has one second round game left to play. Meanwhile, the race for the four Shaughnessy playoff spot is a three-team race, with the Democrats, Sanitary and Parkers all in contention.

In the National league only the C.I.O. appears to have a chance to overhaul the Electric Furpace for fourth place. The other three teams—Bliss, V.F.W. and China—seems to have their spots clinched.

## Hot Puffer To Win Western Open Golf

ST. PAUL, Minn., July 27—The putter, always an important club to any golfer, took on new importance today on the eve of the 46th Western Open tournament.

The reason? Keller course, a par 72, 6,557-yard layout, is a victim of the weather. Hot, dry weather of the past few weeks has eliminated the rough and dried up the fairways to produce a long roll.

Because of this, most of the 123 players likely will get on the greens in two or three strokes. The man with magic in his putter thus will be mostly likely to succeed even more than usual.

Because of this, it appeared that a couple of records may be bettered. One of them is Johnny Palmer's Western Open, record of 4,370 set in 1947 at Salt Lake.

## Hot Putter To Win Western Open Golf

ST. PAUL, Minn., July 27—The putter, always an important club to any golfer, took on new importance today on the eve of the 46th Western Open tournament.

The reason? Keller course, a par 72, 6,557-yard layout, is a victim of the weather. Hot, dry weather of the past few weeks has eliminated the rough and dried up the fairways to produce a long roll.

Because of this, most of the 123 players likely will get on the greens in two or three strokes. The man with magic in his putter thus will be mostly likely to succeed even more than usual. Because of this, it appeared that a couple of records may be bettered. One of them is Johnny Palmer's Western Open record of 270, set in 1947 at Salt Lake City. The other is Henry Ramsom's 268 in 1946 with which he won the St. Paul Open, supplanted by the Western classic this year. The top 74 money winners in the ranks of the Professional Golfers association are on hand for the opening of play tomorrow.

## All-Star Game Official Injured; Won't Appear

MASSILLON, O., July 27—(AP) — Dan Tehan, sheriff of Hamilton county, has advised Chuck Mather, director of the North-South High School All-Star game, that he will not be able to officiate in the Aug. 13 classic.

Tehan was injured in Cincinnati June 26 when an automobile in the "Victory Parade" for Heavyweight Boxing Champion Ezzard Charles struck him.

Three other officials selected for the contest include Jack McPhee and John Russ of Youngs-

## Amvets Play Warren Nine At 6 Tonight

Salem Amvets will tangle with the Warren G. C. hardball team at 6 tonight at the Salem A. C. field.

Dave Kachner will do the hurling for the locals against the fast-moving Warren nine.

## Henrich Out Of Game; Breaks Toe

NEW YORK, July 27—(AP)—Loss of First Baseman Tommy Henrich for "several days to a week" was announced by the New York Yankees today after X-rays showed Henrich fractured a toe on his right foot before Monday's game with Cleveland.

Henrich played the entire game last night and the toe was badly swollen today. He suffered the injury when struck by his own foul ball on his last turn at batting practice.

After X-rays Henrich was ordered to bed. He will not appear at the Yankee stadium for tomorrow's game.

Manager Casey Stengel was undecided on who would play first base tomorrow. Jack Phillips, reserve first sacker, is bothered by a sore left shoulder. Stengel may decide to shift Bill Johnson from third base to first or he might try outfielder Johnny Lindell.

Dr. Gaynor reported that Catcher Yogi Berra, who injured his side in Chicago, probably will be ready for today's game in which Lefty Ed Lopat will face the Tribe's Bobby Feller.

## Legion Wins County Cup; Ccp 5 In Row

In the final game of the county playoff, the Salem Junior American Legion nine won over Georgetown 9-0 to clinch the county cup. It was the locals' fifth consecutive shutout and gives them the right to play in the tournament in New Philadelphia in August.

Karl Stoudt pitched three-hit ball for Salem. Leo Kline, catcher, led the hitting with a single and a tremendous triple with the bases loaded.

Salem plays Minerva at 6 tonight at the Salem A. C. field.

town, and W. K. Dunton of Pi-qua.

The 50 players, 25 from each squad, will report here for practice Aug. 2.

## Odds Only 1-2 Now On Tribe's Winning

CLEVELAND, July 27—(AP)—That man on the pole has lots of company here in believing the Cleveland Indians soon will be on top of the American league.

Naturally there's not quite the same intense loyalty that marked the 1948 season. After all, this sixth city had waited 28 years for a pennant. Everyone was so anxious for the boys to win they were positively superstitious about putting "the whammy" on their point-running club.

The fans are a bit more critical this year, but they're nonetheless optimistic that Lou Boudreau & Co. will keep the pennant in town.

And, of course, that optimism is growing as the Indians go into today's game with the New York Yankees only three games out of first place—the closest they've been since May 7.

A couple of weeks ago you could put up a buck to win four here that the Indians would win the flag. Now you have to shop around a bit for a 1-2 offer.

Bob Feller, who is booked to start today against the Yankees' Ed Lopat, has won six of his last nine games and gone five in full. Rookie Mike (Big Bear) Garcia has five victories, one defeat and three complete games since June 5. Early Wynn, with 5-2 and one for the distance, has been the other key moundman in the return of the vanishing Indians.

## Browns Looking For Breakaway Halfback

BOWLING GREEN, O., July 27—(AP) — Coach Paul Brown of the Cleveland All-American conference Browns has 53 young and tough footballers in his training camp. He hopes a couple of them have speed to burn and can play halfback.

"I'm looking for that long-shot type of runner that can break up a football game from any place on the field," said Brown. "Our halfbacks did a lot of scoring last year, but none of them traveled very far on one trip with the ball," he added.

"Our passing and fullbacking will be all right, but I'd like to round out the backfield with a couple of halfbacks who could provide the same kind of results," he said.

Among the speedy candidates for halfback posts in the champions' camp are Tom Zaborac of Illinois, Warren Lahr of Western Reserve and Gene Derricotte of Michigan. Huey Keeney of Rice institute is another speed merchant.

## Dutch Housewife Gives Up In Channel

DOVER, England, July 27—(AP)—The choppy waters of the English channel have scored another victory.

A 31-year-old Dutch housewife, Mrs. Willy Croes Van Rijsel, who attempted to swim the channel yesterday, had to give up just a mile and a half from her goal.

The sturdy 175-pound wife of an Amsterdam commercial traveler, battled the currents for 14 1/2 hours before calling it quits.

Another attempt to swim the 20-mile stretch of water will be made early next month by a 16-year-old American schoolgirl, Shirley May France of Somerset, Mass.

Miss France is due in London Friday to begin training for the grind. She expects to make the try about ten days after her arrival.

## Bliss To Play Sharon Westinghouse Tonight

One of the better district softball teams, the Sharon Westinghouse Electric nine, will appear here at 8:30 tonight against the Bliss Co. team at West End park. The Sharon club last season won the Warren softball tournament and is loaded with outstanding performers. They dropped a tight game to General Fireproofing of Youngstown last week, 1-0 in 11 innings. In 1948 they defeated G. F. twice.

Phil Palom, sporting an 11-3 record, will twirl for the visitors. Bliss will counter with Mutt Schaeffer and Wayne Russell.

The game will follow a regular city league tilt between the C.I.O. and V.F.W. at 7:30.

## WORLD'S LABOR MOVEMENT SPLIT

### East and West Line Up To Decide If Communists Can Gain Control

By WALTER KOLARZ  
United Press Staff Correspondent  
LONDON—(UP)—The world labor movement has split along strictly east-west lines, with both sides engaged in a mighty struggle for control.

On the eastern side is the Communist-controlled World Federation of Trade Unions, which has just met in Milan.

On the western side is the about-to-be-formed organization of western European and American trade unions—the Democratic World Federation of Free Trade Unions, which broke away from the WFTU because of the latter's Communist domination.

The new Democratic World

Federation held its first preparatory conference in Geneva. It will receive its final organizational form only in the autumn. It claims a total membership of 45,000,000 in 36 countries, while the WFTU claims to have represented over 71,000,000 trade unionists from 40 countries at the Milan congress.

There is a difference in the type of membership, however. The new democratic group is based on voluntary membership by workers of the world's most advanced industrial countries—the United States, Britain and western Europe.

The backbone of the WFTU is formed by trade unions of countries where membership is more or less compulsory. An example is the Soviet Union itself, with 28,000,000 organized trade unionists and the small Iron Curtain countries with an aggregate membership of roughly 12,000,000. Opponents of the WFTU doubt some of its figures, especially that of 6,000,000 trade unionists allegedly affiliated to Communist-controlled unions in Latin America.

Both international organizations claim to fight for the improvement of economic conditions of the world's working class, for peace, for the development of backward countries and similar beneficial causes. But the ultimate aims of the WFTU are guided by Lenin's dictum that trade unions must be a "school for Communism." It is at that point that the fight between the two trends in world labor movement started.

The new democratic organization announced its determination to keep Communists out of the trade union organizations of Britain, the United States and the small western European countries and to "reconquer" the trade union movement of France and Italy.

Those two Latin countries will be the principal locale of the fight between the two rival world federations. But there will be other secondary battlegrounds outside Europe, especially in colonial territories, in India and in Latin America. The WFTU will grant all its support to the Communist-dominated majority organizations, the French CGT and Italian CGIL.

The democratic world federation will give no less wholehearted assistance to the French "force ouvrière" led by the 70-year-old veteran labor leader Leon Jouhaux, and to similar anti-Communist organizations in Italy.

The Communist WFTU leaders during the Milan congress clearly indicated their intention to build up Communist minority groups inside the big democratic unions, and the TUC, CIO and AFL in particular. They hope that WFTU minority groups will be ultimately organized in all countries where the national trade union centers have an anti-Communist leadership.

Communists throughout western Europe already have been instructed to set up committees for cooperation with the WFTU, not only on a national basis but also in individual cities and factories.

## Dog's Life On Park Avenue Cushy, Canine Beauty Expert Discloses

By KEN FORD  
NEW YORK—(UP)—Park Avenue's pampered pooches may lead a dog's life but what a life to lead, says Henry Ross.  
Ross operates a "beauty salon" on Manhattan's upper east side that makes "well-dressed ladies and gentlemen" out of his canine clients. Milady's coiffure probably gets no better care.

The small, 40-year-old pet beautician and his four assistants handle an average of eight dogs a day. Fifi's "hectic day at the hairdresser" includes everything from a manicure to an ear scrubbing. Steady customers come every two weeks for bathing and miscellaneous grooming and once a month for trimming.

It's the trimming, Ross said, that puts "bracelets" on a pooch's legs and pom-poms on their heads and tails. It also gives the appearance of having backed into a fan.

**Lots of Attention**  
A typical day for Fifi or Fido would start with having fleas and ticks removed. Next the dog gets a combing, a medicated bath, trimming, manicure and nail clipping and its teeth brushed.

Finally, Ross said, the dog is daubed with perfume called "Eau de Canine." It costs \$8 an ounce. "Most dogs resent perfume," he said, "but Eau de Canine is not obnoxious to either man or beast. Anyhow, what can they do about it? Their owners like it."

The dog's life of a pampered pooch includes more than just a day under the drier.  
Ross also provides raincoats and booties to keep the dogs dry, tonics and even a special "candy" so Fifi can keep her girlish figure.

"One woman wanted a fur coat for her dog. She provided the mink and we made the coat," Ross said nonchalantly.

Most dogs, he said take readily to the pampering.  
Some do try to take your hand

off the first time," Ross said, "but we win them over with loving care and send the most vicious out so docile it's safe to leave them with children."

After they learn to like the pampering, he said, "it's like a man who goes to a steady barber. He just doesn't feel right without the care or with anyone else."

**Clients From Afar**  
Ross, who considers himself a dog's best friend, produced invoices showing some of his canine clients had been air expressed from as far as San Carlos, Calif., Miami, Fla., Knoxville, Tenn., and other points for their grooming.

Despite the coddling, Ross said his canine customers aren't the least bit temperamental.

"The dogs are easier to get along with than people," he said. "They don't talk back and at least a dog gives warning before biting."

WASHINGTON, July 27—(AP)—President Truman's reorganization plan for services to the jobless brought a chorus of protests today from employer groups.

This plan—No. 2 in the list of such projects—would shift the U. S. employment and unemployment compensation services from the Federal Security agency over to the Department of Labor.

Walter J. Mackey of Columbus, Ohio, told the senate expenditures committee that employers do not trust the Labor department to administer these programs fairly and impartially. Mackey represented the Ohio Manufacturers' association.

"It is a fact," Mackey said, "the department of labor does actually represent the particular interest of one segment of the population (labor) and not the impartial public interest of all."

Senator Ives (R-NY) told Mackey there is too much alarm among employers on this point. Ives argued the Labor department can not go beyond the laws passed by congress.

But Mackey replied there is "a wide field of discretion" in which the Labor department can show partiality.  
Objections to the shift also came from the U. S. Chamber of Commerce and the Illinois Manufacturers' association.

The American Legion threw its support behind the plan on the grounds the Labor department is more likely to promote the interests of unemployed veterans.

Quarry tiles, widely used for heavy-duty floors, are made from natural clays or shales mined at or near the factory site.

A son Tuesday to Mr. and Stanley Coblantz of East Palestine.  
A son Tuesday to Mr. and Mrs. Marvine Lautzenheiser of Alliance.

**Names Bookkeeper**  
Clerk of Courts John W. Coleman today announced the appointment of Lee Adams of East Liverpool as a bookkeeping deputy in his office.

Adams succeeds John McNicol of Salem, who resigned last Friday because of ill health. Adams has been bookkeeper for the Hanna Oil Co. in Lisbon for the past four years. He is a veteran of both World wars.

**Chimes for Church**  
Chimes to be played at the organ have been given to St. Jacob's Evangelical & Reformed church by Clarence Crook, his daughter, Mrs. Homer McPherson, and son, Paul Crook, in memory of their wife and mother, Mrs. Mary Fife Crook. They were used for the first time last Sunday.

**Label Company in New Quarters**  
The Salem Label Co., which has had its offices on the second floor of the old Salem News building, has moved to the first floor which was formerly occupied by the business department of the paper.

**On Honor Roll**  
Miss Miriam Bauman, 595 N. Union ave., a freshman in arts

was among the 106 Capital university students to make the honor roll last semester, the registrar's office announced today.

## HEAT

(Continued from Page 1)

Newark. "Just the heat," police said.

In the Catskill mountain hamlet of North Pole, N. Y., is a shop known as "Santa's workshop." Here works a man habitually dressed in the traditional red trousers, flowing white beard and the regulation red coat. Lately Santa has been wearing a T-shirt.

In Harrison, Ark., the court moved outdoors when a doctor warned it would be dangerous in this weather to have a witness climb stairs to the courtroom. The witness, Fred Peebly, weighs 700 pounds.

"Doc" Sykes, a rainmaker, said he would come out of retirement to help if anyone wants to put up \$400 for rain or fair weather.

The 74-year-old doc persuaded Belmont park to pay him \$7,500 in 1930 for a week's guarantee of clear weather. Now, to placate farmers, Sykes says he will have rain in the daytime and fair weather at night, if Roosevelt raceway — where races are at night — will pay him \$400 daily.

But Bradford Washburn, director of the Boston Museum of Science, probably had the best idea. He announced plans for an imminent departure to Alaska and an exploration of snow-topped Mount McKinley.

## Auto Kills Boy, 7

DAYTON, July 27 — Victor Walker, 7, was killed yesterday when struck by an automobile in front of his home. He was the son of Mr. and Mrs. Frederick Walker.

## First Local Airmail Flight Completed

Hundreds of stamp and first-day cover collectors now have a new addition to their collections following the successful first flight yesterday of airmail directly from Salem to Washington, D. C.

Virgil Edgerton, pilot, and Dwight Getz, post office clerk, left Salem at 9:20 a. m. Tuesday and arrived in Washington's National airport at 11:30, where a post office truck immediately took the more than 1,000 first day covers to the postoffice for cancellation and forwarding to indicated destinations.

While in Washington, Getz and Edgerton were guests of Charles Helmick, chief of operations for the Air Force Postal service, who took them for a tour of the massive post office operations in the capital.

## Back By 6:30

Edgerton, who piloted his Cessna 120 for the demonstration flight, and Getz left Washington at 4:05 p. m. and arrived at the Salem airport at 6:30 p. m., with headwinds slowing their speed on the return trip.

The mail had arrived in Cleveland before the men left Washington as it was placed on a regular scheduled airliner.

One local first day cover collector sent a cover to a friend on the west coast and it was probably delivered this morning, according to Getz, who added that one of the purposes of the flight was to demonstrate the speed of air mail. He said that the covers were addressed to persons in almost every state in the country, with some addressed to destinations outside the continent.

## Anti-Poll Tax Bill In Senate

WASHINGTON, July 27—(AP)—An anti-poll tax bill was laid today on the senate's doorstep, with indications that it would be abandoned there.

A 273 to 116 house vote sent it over, ignoring arguments by southern opponents that it and other civil rights bills are likely to bolster the Ku Klux Klan.

It was the fifth time in less than ten years that the house has gone through the formality of passing such a bill. Four times previously the senate has refused to consider the bills in the face of threatened filibusters.

The filibuster threat was raised again as the house passed the bill late yesterday.

"The bill has about as much chance of passage in the senate as a bird-size snowball has in hades," said Rep. Wheeler (D-Ga.), who opposed it. A filibuster, if nothing else, will stop it, he added.

Southerners tried to filibuster it off the house floor but house debate limitations blocked them after two days. In the senate debate can go on and on.

## GOOD MODERN HOMES PRICED LOW

NEW SUBURBAN LISTINGS FOR  
DISCRIMINATING BUYERS!

Fifteen acres located on main paved highway only three miles from Lisbon. This property is in first class condition and has a modern six-room home—better than many city properties. This house is under good site roof, very nicely planned, has an attractive bathroom and has had perfect care; large living room with fireplace. House is completely equipped with storm doors and windows. Small bank barn with basement well insulated for apple storage. This farm is mostly in orchard with 87 apple trees of best varieties and very good assortment of other fruit. About 6 acres of tillable ground. This home has been in the hands of the present owner for many years and is now being offered for sale only because he is no longer able to do the work necessary. If you want a fine home in an excellent location where you can raise your living, this should meet your requirements. Price \$16,850.

Here is another suburban farm of 29 acres located at the edge of town on main highway. Good 8-room house arranged for two families completely modern with two kitchens. Other buildings include a fairly new bank barn and good two-car garage. This land is in a good state of cultivation and is ideally suited for the man who wants to keep his job in town while he farms profitably on a small scale. Price \$12,600.

These are both exclusive listings and must be shown by appointment only.

## Deaths

## WILLIAM C. STOUT

William C. Stout, 79, of 341 N. Broadway, died of a heart ailment at 10 p. m. Tuesday in the Central Clinic. He had been in ill health for six months.

A son of John and Celeste Eckstein Stout, he was born Dec. 23, 1869, at North Georgetown. He had spent his life in Salem and vicinity. For a number of years he was employed at the Jenkins nursery, Winona. He was a member of the Winona Methodist church.

On Nov. 26, 1891, he was married to Bertha Sturgeon, who died in 1944.

Surviving are one daughter, Mrs. Harry Hanna, Guilford lake; three sons, Frank J. and Clifford L. of Salem, and Homer B. of Alliance; 14 grandchildren and two great grandchildren; one sister, Mrs. Carrie Kelly of Damascus, and one brother, Samuel Stout of Springboro, Pa.

Funeral services will be held at 2 p. m. Friday in the Arbaugh-Pearce funeral home. Burial will be in the North Georgetown cemetery.

Friends may call at the funeral home Thursday evening.

## WALTER H. TAYLOR

Walter H. Taylor, 42, of 32½ Florist ave., Youngstown, died Tuesday afternoon in Crile hospital, Cleveland, following a lingering illness.

A son of Mr. and Mrs. Charles R. Taylor, he was born in Youngstown. A former resident of Washingtonville, he was a graduate of the Washingtonville High school.

He was a World war II veteran and was employed by the Pure Oil Co., Youngstown, for 15 years.

Surviving are his wife, Wilma Barickman Taylor of Youngstown, his parents, and a sister, Miss Florence Taylor, who reside in Washingtonville.

Funeral service at 1:30 p. m. Friday will be in the St. Mark's Lutheran church, Idlewood ave., Youngstown.

Friends may call Thursday evening at the Weller funeral home, Belmont ave., there.

## EDWARD L. HARTZELL

Edward L. Hartzell, 76, 305 N. 15th st., Sebring, a caterer for the Gem Clay Forming Co., died of complications at 12:10 p. m. Tuesday at the Mayhew Nursing home here. He had been ill six weeks.

Born in Lisbon, Sept. 17, 1872, he was the son of John and Sarah Burbick Hartzell. He belonged to National Brotherhood of Operative Potters.

Survivors include a son, John Hartzell of Sebring; a sister, Mrs. Helen McKeown of Salem. His wife died a number of years ago.

Funeral service will be held at 2 p. m. Friday at the Moosman-Vogt funeral home in Sebring, in charge of Rev. Paul Gerard of Lisbon, with burial in Leetonia Oakdale cemetery.

Friends may call at the funeral home from 7 to 9 p. m. Thursday.

## GARRETT WIGGERS

Word has been received here of the death of Garrett Wiggers of Corry, Pa., formerly of Salem, at 5:15 p. m. Tuesday at a Corry hospital. He died of a heart attack.

He was born and raised in Salem.

He is a brother of Pete and William Wiggers and Mrs. Ida Berger, all of Salem.

Funeral service will be held at 2 p. m. Friday at Corry.

Open Bids Aug. 19  
On Bridge Project

LISBON, July 27—Investment firms' bids on a \$100,000 bond issue to finance repair and rebuilding of the 400 bridges in the Columbiana county highway system will be opened Aug. 19 at noon, commissioners said today.

Initial plans for the program were announced last week. The commissioners' official call for bids said the bonds will be issued inside the 10-mill limitation, which means they will be retired out of operating revenues.

The issue will contain 100 bonds, each of \$1,000 denomination, scheduled for retirement \$4,000 annually from 1951 through 1975.

BOY, SHOT IN HEAD,  
MAY LOSE EYESIGHT

YOUNGSTOWN, July 27 — (AP) — Thirteen-year-old Fred Hogler may recover from his suicide attempt, but he will be blind. Physicians at Youngstown hospital reported the bullet wound in his temple had blotted out the sight in both eyes. His condition is serious.

The boy shot himself with a pistol Monday while held in the juvenile detention home.

After leaving two suicide notes, the youth ran away from home Sunday and was picked up by police. They still are trying to learn where he got the pistol and how he smuggled it into the detention home.

In one of his messages, Hogler said he was going to kill himself because his mother did not let him go to church. His mother, Mrs. Louis Hogler, said she refused permission to punish him for breaking into an automobile in Akron.

## Defers Decision

LISBON, July 27 — Concluding two days of hearing, in which the court went to East Liverpool to view the premises, Judge Joel H. Sharp late Tuesday deferred his decision in the case of Harry Sloan and Vera Hays, et al against the City of East Liverpool.

The action, which has been one of long standing in the court, seeks to permanently enjoin the city from improvement of Wedgewood street, the plaintiffs claiming such improvement would change the grade of the street and damage to their properties.
